BELLE GLADE-PAHOKEE, FL.

Several injured in US 27 wrecks

FIVE TRACTORS AND TRAILERS were involved in accidents on US 27 Tuesday morning.

Several people were slightly injured, according to the Florida Highway Patrol.

Poor visibility and faulty driving apparently combined Tuesday morning, December 21, to cause a series of accidents on US 27.

According to Florida Highway Patrol reports, a tractor and trailer driven by Feliciano Israel Aquilar, 56, of Miami, was attempting to make a turn into an unknown farm road 22.5 miles south of South Bay at about 8:05 a.m., when it was struck in the right rear side by a tractor and trailer driven by Kerry Lee Barrow, 37, of Virginia.

A second accident resulted when a third tractor and trailer, driven by William F. Persinger, 49, of Morriston Florida, stopped in the road because of the accident. It was struck in the left rear side by a tractor and trailer driven by William Kong, 60, of Hollywood, Florida.

Kong's vehicle continued moving northbound and hit Barrow's vehicle for a third accident.

A dumptruck driven by Jeffery Durant Henry, 22, of 257 Vaughn Circle, Belle Glade, ended up in the ditch to the west of the road when its driver diverted it off the road in an attempt to avoid the accident.

Henry and Aquilar were treated for injuries and released.

A passenger in the Aquilar truck, Nicolas Hernandez, 51, also of Miami, sustained no injuries according to reports.

Barrow, a passenger in his truck, Forrest L. Elder, 34, of Auburndale, Florida, and Persinger and Kong were not injured.

Trooper C.E. Floyd investigated those accidents and A.Q. Morris Jr. investigated an incident just north of those.

That accident occurred ten minutes after the five vehicle incident a tenth of the mile north of it.

Thomas Mancil, 49, of Clewiston, was stopped in the road because of the previous accidents. A vehicle driven by Samuel Lee Chandler, 34, of 715 Trailer Park in Belle Glade was also stopped behind him.

A third vehicle, driven by Armondo Rodriguez, 27, of Miami, was apparently traveling too fast for conditions according to the report, and struck the Chandler vehicle in the rear, forcing it into the Mancil vehicle.

Chandler, Rodriguez and Mancil were all injured in that accident.

According to highway patrol reports, fog and poor visibility were factors in the accidents.

Chandler, Rodriguez and Mancil were all injured in that accident.

Bonds floated for plant work

BELLE GLADE - The city commission is expected to authorize advertising for bids for planned improvements to the sewage treatment plant in the near

future now that the bonds have been issued and the funds received.

According to Belle Glade City Finance Director Frank Anderson, the city will

receive about \$4,279 million from the sale of the bonds after costs, including the underwriter's discount, are subtracted.

Other bond issuing

costs that must be subtracted from that figure might total about \$87,000 said Anderson.

He said that the city will end up with about \$3,613,788 after all costs and reserve funds are subtracted.

He said he hopes the revenues from the sale of the bonds will earn about \$265,000 through investments.

This is the second bond issue the city floated this year. The first issue for \$4,075 million was used to fund improvements to the raw water booster plant, the water treatment plant and water water designs and specifications.

This second issue brings the total to \$8.4 million dollars. The sale of the bonds will earn about \$265,000 through investments.

Gilmore

Williams

Weatherspoon

Man wanted for murder

BELLE GLADE - A local man is being sought by police in connection with murders in Madison and Fort Lauderdale.

Murder warrants have been issued for Terry Lee Gilmore, 24, of Belle Glade, and two other men, Tyron Williams, 28, and Jerry Stanley Weatherspoon, 20, both of Madison.

They are wanted in connection with the deaths of a Madison teenager and a Bradenton man.

According to police reports, Robert "Hollywood" McCall, 33, was found dead in

the trunk of his automobile early Monday, December 13 just outside of Fort Lauderdale. He was killed by several gunshot wounds.

Police believe Gilmore, Williams and Weatherspoon may have murdered him in connection with an alleged drug deal.

Carolyn Gillyard, 16, was found dead, lying face down in a field of weeds between two bars in Madison early Tuesday, December 14. She had been killed by a blow to the back with an ax, according to police reports.

The three men are

wanted in connection with both murders.

Gilmore is described as standing five feet, nine inches tall and weighs 148 pounds.

Weatherspoon stands five feet, seven inches tall and weighs 159 pounds. He has a scar on the right arm.

Williams is six feet, one inch tall and weighs 157 pounds. He has a scar on his left forehead and wears his hair in loose curls. He has a dark complexion and slender build.

All three are black. They are considered armed and extremely dangerous, according to police.

Christmas tournament

Glades Day won its own Christmas Tournament when it defeated the Moore Haven Terriers 53-52 in the final game. More pictures and a story are on page 5A.

Delinquencies drop

PAHOKEE - Rent delinquencies in Pahokee Housing Authority run projects have dropped since the start of the agricultural season, according to the authority's executive director.

Randall J. Mills told the authority's board of commissioners that the authority is owed \$6,100 in this month in back rents. Last month, that figure was \$7,240.

Delinquent rents

have dropped since a summer high of over \$8,000.

Mills said the back-rent total will probably hover around \$5,000 during the season months.

Delinquent rents always increase during the summer months when the agricultural season slows.

He told the commission that the authority has taken action against only two delinquent tenants in the

past three months, and that it didn't evict either one of those.

The authority arranged for one of the tenants to borrow money from the tenant organization to pay for part of his rent, Mills added.

"I feel we're being as lenient as we can," said Mills.

Commission Murray Brinson said he expects the authority to see an increase in delinquencies.

(Continued on Page 8)

Salad bowl considered

BELLE GLADE - The Black Gold Jubilee Committee, seeking broader exposure for the annual festival than it has received in the past, is looking into reaching for that exposure via the world's largest tossed salad.

According to Chairman Rupert "Bubba" Mock, Jr., a coast firm has quoted several prices for the construction of a clear Lucite salad bowl.

Harma Miller told the committee at the Friday, December 17 meeting that a bowl four feet deep and eight feet in diameter would cost about \$600.

A bowl measuring four feet deep and 20 feet in diameter would cost \$4,000.

Mock said that the committee is hoping the bowl would be considered for entry in the Guinness Book of World Records. Exposure on nationally televised programs such as "Real People" or "That's Incredible" would also be sought.

He said several obstacles must be overcome before the bowl becomes a reality.

The salad, which would be consumed by those at the festival, would have to be kept cool and sanitary to meet Health Department regulations.

Mock said the committee is considering a large ice container to place the bowl in, and a top to cover the produce.

The cost of the produce itself could be a major obstacle. Mock said the committee will attempt to have the project underwritten by a national salad dressing manufacturing firm.

If no underwriter can be found, Mock said the committee may attempt to obtain the produce through donations from local growers.

In other business, the committee took no action on a request by the city's ministerial association that the religious service be held at 4:30 p.m. on the Sunday of the festival.

The committee also approved plans to provide every parade entrant with a sheet detailing what items they will be judged on.

Glades transfer station needs repairs due to cracks

BELLE GLADE - Palm Beach County Solid Waste Authority's Belle Glade Transfer Station may require some structural repairs in the spring, according to a report submitted to the authority's Budget and Policy Advisory Committee.

The report was prepared by Leonard S. Wegman Co., Inc., an engineering firm out of New York.

The report recommended several repairs to the station which has been operation a little over a year.

The structure has a series cracks in the south wall. A wall on the southwest wing of the station was separating from the south wall, and reinforced columns to the south are bowed.

The report recommended that low areas to the south and west of the transfer station be filled to alleviate pressure on the structure.

The Authority's Executive Director, Timothy F. Hunt, Jr., said those recommendations will be followed.

The beam supporting the concrete slab at the top of the station have been damaged by dumping operations at the facility, according to the Wegman report.

Employees who work beneath that slab have been removed because of the hazard it presents, according to the report.

It recommended that steel beams be installed to reinforce the concrete beams and bowed columns, and that supports also be installed to redirect pressures from the damaged areas.

Hunt said he had received several estimates to have the job done, and that the highest estimate so far has been \$60,000.

He recommended the authority monitor the situation before deciding whether to have the work done. Since the backfilling, the deterioration has slowed.

If necessary, the authority could include the repairs in a planned bond issue it expects to float in April, he said.

The \$26 million issue will be floated in three phases. The first would refinance the Glades operations of the authority. That phase could include repairs to the station, said Hunt.

The second phase would provide funds to purchase land for a central waste disposal facility and the third would provide funds to actually construct the facility.

The authority hasn't decided on a site or what type of facility it will build yet.

The committee voted to accept the Wegman Report's recommendations and pass them on to the authority's board of commissioners.

Birth announcement

Mr. and Mrs. Steven Gilbert of Belle Glade, are proud to announce the birth of their daughter, Christie Leigh, December 2. She weighed seven pounds and 14 1/2 ounces when born in Everglades

Memorial Hospital in Pahokee.

Christie Leigh's paternal grandparents are Mr. and Mrs. Glenn Gilbert of Belle Glade and her maternal grandparents are Mr. and Mrs. Curtis Martin, also of Belle Glade.

Christmas program

Under the leadership of Rev. Harry Russell, the Community United Methodist Church celebrated Christmas Sunday at their 11:00 a.m. service, with the presentation of G.F. Handel's "Messiah". The music was under the direction of Mrs. Carol Schmidt, with organist Mrs. Karen Corbin.

The sanctuary was decorated for the occasion with the Crimson tree, Love Gift tree and Advent Wreath on the altar which was flanked with tiers of potted red poinsettias.

The United Methodist Women met in the Church garden patio for their 2:30 meeting. Mrs. Carol Schmidt gave a musical program, which the group joined in for singing of Christmas Carols. The group decided to take floral arrangements to several shut-ins.

A pinnacle of the Christmas Sunday celebration was the Candle Lighting Service, beginning at 7:30 p.m. The service was well attended, and the Sanctuary was aglow with hundreds of lighted candles.

Christmas music was provided by Mrs. Karen Corbin, organist, with Mrs. Gloria Smith on the piano. Soloists were Mrs. Rachael Hollingsworth and Milton Carpenter.

A reception followed in the Church parlor, the refreshment table carried out to the Christmas theme. Mrs. Margaret West and the Worship Committee were hostesses for the reception.

Christmas decoration winners

BELLE GLADE—Winning the best overall religious home scene award for the Belle Glade Chamber of Commerce Annual Christmas Decoration Contest was Mr. and Mrs. S. M. McAllister.

The McAllisters of 800 N.W. 13th St., Belle Glade has a massive Christmas display from Santa, his reindeers and his little elves to the Christmas scene of the "Savior Jesus."

The winners for the annual contest were announced Tuesday morning by Jewel Crane, executive secretary of the chamber.

Mr. and Mrs. O.V. Huffstickler of 508 N.W. First St., received the first place ribbon in the Best Overall non-religious home scene category. The Bank of Pahokee-Belle Glade Branch at

300 South Main St., won first place in the Business category.

Other winners were Mrs. Louise McClarty, 1200 S.W. Ave. C Place, second place, Best Overall Religious Home Scene; and Mr. and Mrs. David Hill, 601 S.W. 13th St., Belle Glade, third place.

Mike Farley, 124 S.E. 5th St., second place, in the non-religious scene. Daddy Dicks, 117 S.W. Third St., second place, business.

Most Original Home or business, Lydi Navarro, 875 Whitaker Road, first place; and Ann Tedder, 1004 N.E. First St., second place. Serving as judges for the contest were members of the Belle Glade Garden Club, Chosen Garden Club and the Belle Glade Garden Study Club.

THE BANK OF PAHOKEE placed first in the Best Overall Business category.

Mr. and Mrs. O.V. Huffstickler of 508 N.W. First St., won the best overall non-religious award. The Huffsticklers were winners in the contest last year also.

PHA may ask Pahoee to incinerate its garbage

PAHOKEE - The Pahoee Housing Authority may seek an agreement with the city of Pahoee that would permit the authority to burn its garbage at the city's incinerator.

Randall J. Mills, the authority's executive director, said the authority collects about two loads a week from its units.

He said that burning its trash at the city in-

cinerator would be a way around the tipping fees levied by the Palm Beach County Solid Waste Authority at its facilities.

Michael Stauder, who serves as attorney for both the city and the Pahoee Housing Authority, said that the city may find some advantage in burning the housing authority's garbage because it could reduce start-up costs.

VA provides free grave markers

Families of veterans who select a burial site for a deceased veteran in a private cemetery have two options for Veterans Administration assistance in marking the grave, according to St. Petersburg VA Regional Office Director Carlos Rainwater.

The VA will provide, upon request, a headstone or marker free of charge and ship it to the consignee designated on the application, Rainwater said. Cost of placing the marker in a private cemetery must be borne by the applicant, however.

A second option, Rainwater noted, is that the VA will reimburse part of the cost of a headstone or marker bought privately and placed on the grave of a veteran. The current amount is \$67, which is the average cost of headstones purchased by the VA.

Application for the VA headstone or marker should be addressed to Director, Monument Service (42), Department of Memorial Affairs, Veterans Administration, 810 Vermont Ave., N.W., Washington, D.C. 20420.

Application for the \$67 reimbursement for a marker other than the VA standard should be filed at the St. Petersburg VA regional office, P.O. Box 1437, St. Petersburg, FL 33731. Proper routing of the application will expedite service.

Rents

quent rents in the upcoming months because of the economy.

"If we kick one out for not paying, the one we put there may not be able to pay either," Brinson said. "So what's the point of changing them?"

The commission had voted to write off \$906.98 of back rents that were owed to the commission by four former tenants who moved out of the area. According to Mills, those tenants wouldn't be able to rent an

(Continued from Page 1)

authority operated until they paid their back rent, even though the authority has written the amount off.

Rainwater advised those interested to call his VA regional office's toll free number listed in the white pages of local telephone directories.

PALM BEACH
COUNTY

3-Island
Tour of
Hawaii
with farm
and ranch visits

March 7 thru 16, 1983

Clayton Hutcheson, Palm Beach County Extension Director, and his wife, Ann, will host a 10-day tour of the Hawaiian Islands.

"Ann and I invite you to join us and other neighbors as we tour three glamorous islands in a deluxe, air-conditioned coach with a professional guide. We'll stay in some of the world's most luxurious, deluxe-class hotels, surrounded by incredible scenic beauty. And we'll get a close look at interesting and unusual island-style farming and ranching!"

Send for your FREE detailed itinerary!

Say aloha to cosmopolitan Honolulu and the island of Oahu with Diamond Head; Pearl Harbor; the USS Arizona; Punchbowl (the extinct volcano crater that serves as the U.S. Memorial Cemetery of the Pacific and America's only royal palace. We'll have time to see them all during three leisurely days on the island.

Relax on Waikiki Beach and enjoy this fine view of Diamond Head. Swim, sunbathe or just enjoy a leisurely stroll in the sand.

Our famous, deluxe-class hotel on beautiful Waikiki Beach is a resort in itself. Step out the door and you're ready for an evening stroll over still-warm sand, under waving palm trees. A full-day tour circling the island and visits to a banana farm and a dairy operation make our stay on Oahu even more special.

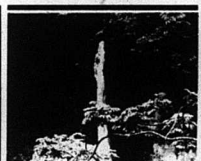

The luxurious Garden Isle of Kauai may be Hawaii's best kept secret. Thigher waterfalls, gentle, meandering rivers, sweeping valleys and a picturesque coastline have drawn movie-makers to Kauai, but so far not many tourists have discovered its abundant charms.

All our deluxe-class hotels are beautiful places in beautiful places! On the island of Hawaii we stay in the incredible Kona Hilton.

Dreams are free. So are itineraries. Send for yours today!

What would a tropical paradise be without a silvery waterfall? 420-foot-high Akaka Falls is one of many such cascades on the islands.

We'll stay for two days on the island that provided the setting for such films as "South Pacific," "King Kong" and "Islands in the Stream." Activities on Kauai include a cruise down the Waiau River to romantic Fern Grotto and a spectacular torch-lighting ceremony in a palm grove.

Nothing can compare with the magic and serenity of a sun-kissed beach. You're never far from sand and surf in Hawaii.

We jet to the Big Island of Hawaii for three more dreamy days. We'll see snow-capped Mauna Loa, a black-sand beach and steaming Kilauea Crater, where the astronauts trained for moon walks, as well as visit a ranch where cattle are herded by helicopter. You'll feast your eyes on over 2,000 varieties of orchids in fabulous Nani Mau Gardens.

10 days in Paradise come to a reluctant end back in Honolulu, where we catch our overnight flight for the mainland with our newly acquired friends, sunbats and fond memories to last a lifetime.

The cost of this unforgettable tour is just \$1,624 from West Palm Beach—perhaps less than you'd think possible, considering it includes deluxe-class resort hotels; a full-time tour escort; air fares between islands; transportation by deluxe, air-conditioned motorcoach; sightseeing, farm and ranch visits and much, much more.

For complete information mail coupon or call 793-4133.

The meaning of Christmas

On Christmas we celebrate the birth of Jesus Christ. We are not sure He was born on Dec. 25, but that is not the important thing, the important thing is that we as people believe in Christ and God and celebrate as a means of believing in them and their love.

Jesus came unto the world at God's appointed time. During his short sojourn on earth Jesus fulfilled God's appointments.

He did not travel throughout the then-known world. He only crossed the boundary of the country in which He lived once. He neither had wealth nor influence.

He had little training or education. His relatives were inconspicuous and

uninfluential. Nothing in His background would indicate that He was to be the greatest leader the world was to know.

When He was a baby He startled a king. As a child He puzzled the doctors. As a man He commanded the very course of nature. In His way through life He healed multitudes without medicine and never charged for His service.

No leader the world has ever known has more volunteers. He did this without drafting a single person.

His force affected the world of commerce as no other has ever done. Even today many of the wheels of business stop in His honor every seventh day.

Time has spread almost 2,000 years

between the people who watched his crucifixion and our generation, but He still lives.

Herod could not kill Him. Satan could not defeat Him. Death could not destroy Him. The grave could not hold Him.

Even today, in a time of growing Godlessness, for millions and millions He stands forth upon the highest pinnacle of heavenly glory, proclaimed of God, acknowledged by angels, adorned by saints, feared by the devil, as the living personal Christ, our Lord and Savior.

When Jesus preached and healed He kept the finest traditions of courtesy, hospitality, honor and dignity. He spoke with compassion, not with defiance.

During His life on earth He paid taxes.

He kept the Mosaic law even though He was soon to give the law a different meaning than before His time.

Jesus revealed salvation by preaching that man is not made holy by faith alone or by good works but through the grace of God. This grace of God can only be discouraged through faith and demonstrated by good works.

Jesus served God quietly and with dignity and so did His followers. To be effective the true followers of Christ today must do the same.

Jesus' first concern was not for length of hair, the kind of clothes, the life style but for the spiritual salvation of the soul.

This is the religious leader we honor on Christmas. Let us follow Him in love.

And three more die

In the past three weeks, three more people have died on state road 80.

The deaths keep mounting. And mounting.

They underscore the pleas of local taxpayers for the state to improve local roads and make them safe.

But still, nothing is done. The politicians come to town during election year and promise to work for the four-laning of killer highways leading into the Glades area, and some even set up task forces or committees.

But after the elections, the only time state road 80, or US 27 or US 98 ever get into the news is when someone dies on one of them.

Until the next election. Then, the politicians all come to town and promise action and four-laning and create task forces and committees and tell us all how angry they are that something hasn't been done about it.

Then, after the election, they all hop into their helicopters and fly to the coast.

Letters can be written and trips to Tallahassee or the county commission or Washington can be made. But in the end, there is only one way to really get the attention of the government officials responsible for improving or neglecting our roads. Vote.

Vote as a bloc. The area voters must decide that their poor roads are the one overriding issue for two or three elections. They must vote for the candidates who not only promise to repair our roads, but actually deliver.

The roads are important to this area. With the truck subsidizing to the point where agriculture might not be

Holy Night

economically viable in several years, industry must be attracted to this area if it is to remain healthy. Industry won't locate in an area that is as difficult to get into and out of as the Glades.

The roads also claim too many lives for no reason. That alone should be reason enough to improve them. No dollar figure should be placed on a human life. Once gone, a life cannot be replaced.

If our leaders don't have the conscience on their own to do the right thing, let's force one upon them with our voices — at the ballot box.

We always dress this way...

I long ago decided that people who write cheerful songs about white Christmases and dashing through the snow get their inspiration while stretched out beneath a South Florida palm tree.

The last time I saw anything dashing through the snow it was a DC3. It was attempting to land in a blizzard at an airport that is just one airstrip removed from a cow pasture and it was headed right for the terminal wherein I stood. Whipping its tail alongside its nose, the prop jet skidded to a sideways stop. While everybody on the plane staggered off, and the medics revived the pilot, the crowd inside the terminal clamored out from wherever they'd taken cover on big bird's arrival. Afterward, the airport was closed for the rest of the day. Or the week. Or until spring. I've forgotten which now.

Only a lunatic or a grandmother would head for the frozen northland at this time of year. Being a bit of both, I've reserved me a seat on a flying dog sled so I can roast my chemoists by an open fire while I defrost my other extremities.

Providing, of course, that my relatives are willing to claim me when I deplane. Here in sun-nyland we're used to the odd assortment of clothing that hits the streets when the mercury goes below 60. Where I'm going, the weatherman describes 25 degrees in December as "another beautiful springlike day" and a blinding snowstorm as "slight precipitation expected to end shortly before July."

With that in mind I have resurrected my old fur coat that's been twice treated for mange and fail-

AILS A DEWING AND WHAT NOT

ed to recover either time. Actually, it's not real fur at all. It's a manmade fur that slightly resembles a Russian bear but is closer in kind to the fur shag that decorates bathrooms. Fortunately, it's not pink.

It's so bulky that I can't wear it on the plane without paying for an extra seat. Anyway, when I sit down, it doesn't. It can only stand up. So there's no use at all in buying a seat for it.

Under it I will wear bell bottom slacks to hide three pairs of athletic socks, another two pair of slacks, two pairs of pajamas and my bathrobe, plus a sweater or two. I'd take some extra clothes but I don't have any more.

I will wrap a third sweater around my head, over which I'll drape a woolen afghan.

I don't, of course, have anything to keep my feet dry. My daughter says she has an extra pair of snowboots. "They might be a little sloppy on you," she apologized.

"Don't worry about it," I told her. "Nobody will even notice." And they wouldn't in Florida.

Letters

To Tiger Fans

We (coaches & players of CHS) would like to take this opportunity to sincerely thank you for your loyal support throughout our season.

The times & effort put forth by both coaches & players is well worth it when we come out on the winning end after 40 minutes of football.

You as fans, help to further enhance our efforts by coming out week after week & cheering us on. The feeling which we get when we are on the field & hear our fans cheering our efforts on is indescribable.

We finished our first undefeated season this year at CHS and all the glory & respectability gained through this effort is to be shared with all of you in the community. A gain from the coaches & players of the CHS football team. Thank You For Your Support.

Clewiston High School Coaches & Football Team

each other much. Kids use and write profanity on the walls or anywhere, even in school.

Now, not everyone now-a-days does have manners. Many people do. They try as hard as they can to make sure that their children are disciplined, they also have very good manners.

One of the discipline lacks of now-a-days is the respect that people learn to lack from each other since they are young. Some people just don't care or respect each other. They say anything about a person without caring about that person's feelings.

Schools now-a-days do not, or really can not, control children. Students use profanity and scream back at teachers, etc.

Some people wonder, "What ever happened to 'Thank You,' 'You're Welcome,' 'Yes,' 'Ma'am,' or 'Sir'?" Kids say 'Man' or 'Girl' and 'Yeah.' Many children do not want to use the proper language and this causes them to lack good manners.

A good place to start and enhance good manners is at a child's home. I think a child should be taught good manners before he enters school. This may keep him from learning bad discipline in school.

There are many acts considered as bad manners: wrong or bad use of language, profanity, selfishness, etc.

Children should be taught since they are young to respect others and not use profanity. This will help them in the future to grow up and be very well-mannered people. Americans now-a-days, in my opinion, are not well-mannered people. But there can always be a change, and if people are good, others will find them nice.

So, if you ever wonder, "Gosh, I don't have many friends," it may be because of your manners. If you don't have good manners now, it's never too late to change them!!!!

Sincerely yours,
Jacqueline Vitier

JIM JONES

BOILER PLATE

Merry Christmas!

Thank goodness for the cooler weather. At least we know Christmas is about to happen.

I couldn't help but notice the change in climate as I drove up to the Clewiston-Jefferson County football game Friday (congratulations Tigers, we are all very proud of you).

Trees were actually going bald and those that still had leaves were experiencing color changes.

They tell me that Monticello has some beautiful old Civil War era houses, but I couldn't tell you otherwise because it was dark by the time I rolled into town.

About all that I saw was the inside of a convenience store where I stopped to pick up a set of new batteries for my camera. Later on of course I saw the football field and about 3,000 deliriously happy fans.

Batteries go bad frequently in cold weather. Since Friday qualified as cold night with 32 degree temperature, I was glad to get the new batteries, especially after I saw photographer Julio DeCastro coprowling the sidelines and experiencing total, legal battery death.

Area football teams have come up with unique Christmas gifts for Glades residents. Clewiston of course claimed the Class 2A championship and just a week earlier Glades Day School won the Class A championship for the second time in three years. Football fans from Canal Point to Clewiston should be ecstatic. And fans in LaBelle and Moore Haven which didn't have quite so great reasons can be almost as pleased. After all, it's almost like a birth in the family. Just because it didn't happen to you doesn't mean you can't be tickled too.

Quite frankly there's been so much going on that I almost didn't notice that the two foot ballers had even returned to play. Nothing against the owners or players but the season doesn't seem quite so interesting anymore.

In fact, it seems a little contrived. Now that both sides have sat out most of the season they are going to have playoffs and a Super Bowl after all. Let's not even bother. The last time they called off games was on account of World War Two. It seems to me that nothing less should be allowed to interfere with playing a game. After all, is pro football a sport or show biz. Even in show biz they'll tell you that show must go on.

But I shouldn't get into that thickets. I started out to wish you a Merry Christmas and I sincerely hope that everyone has the merriest ever.

Like the rest of you old people, I can't believe how fast the year passed either. Slam, bang, 1982 passed by. I'm late getting my Christmas presents, and 1983 is just around the corner. I have a hard time recalling that period of life when time actually seemed to drag, but I hear children are often afflicted with this disease. How quaint it all seems now.

Despite the fact that life seems more complex and busier than ever, I firmly believe that in many ways these are the best of times. And I'm looking forward to even better days ahead.

Have yourself a wonderful Christmas and a happy new year!

Letters Policy

We solicit and encourage letters to the editor.

Our guidelines are simple:

- No libelous content.
- Letters should be relatively brief — no more than 300 words as a general rule.
- Signatures are required.
- No poetry, please.

GDS wins own tournament

BELLE GLADE - The Glades Day Gators basketball team, together only three days, won its own Christmas Tournament behind the leadership of Luis Garcia.

Four teams played in the fourth annual tournament: the Benjamin Buccaneers, the Moore Haven Terriers, the Belle Glade Christian Crusaders and the Gators.

The Crusaders and Terriers faced off in the first game Thursday, December 16. The Crusaders opened up an early lead and led 13-3 after the first period. They held that ten point lead throughout the first half, but things collapsed in the last two quarters when the Terriers out-scored them 36-23.

Moore Haven won that game 49-46 to earn a berth in the final game.

It was the second time that week that the Terriers came back from a deficit to beat Christian Day.

Roly Ramos scored 13, Alex Morales 12 and Tavi Garcia nine for the Crusaders. The Terriers' Leonard Ford hit for 16 points. Leonard Ballum was second with 14 points.

Jury report sealed

The Hendry County grand jury report on the indictment of three Clewiston police officers will be sealed indefinitely, according to Assistant State Attorney Randall McGruther.

The court ordered the report sealed for 15 days on Nov. 29 following the indictment of CPD Ops. Terence Deese and Russell Hickmon and patrolman David Hand on charges ranging from battery to bribery.

The report was to be opened on Monday, but Clewiston Police Chief Robert Dysart has asked the court to delay unsealing the report because he wants to contest some findings in the report.

Circuit Judge James R. Adams will rule on Dysart's request at a hearing, which hasn't been scheduled yet.

Hand and Deese were to be arraigned Monday on bribery and tampering charges, but the arraignment was postponed until Jan. 3 because the officer's written pleas arrived too late at the Hendry County Courthouse, McGruther said.

In the second game, the Gators took on Benjamin for their first game of the year. Benjamin scored first, and the Gators looked rusty early on, but they quickly put it together to take command of the game. They led 14-8 at the end of the first period, and extended their lead to 30-20 at the half.

Benjamin came back in the last period to close a 29-45 deficit, but Glades Day clung to a 59-51 victory.

Luis Garcia had a 20 point game and Raul Garcia scored eight for the Gators.

Glades Day and Moore Haven met in the championship game the next night. Both teams exchanged baskets in the first period, which ended with an 11-11 tie.

Glades Day took the lead, 28-22 at half-time, but that evaporated in the third period when the Terriers outscored the Gators 16-10, tying the game at 38.

The Gators won the game in the fourth at the foul line and on defense.

Raul Garcia scored the Gators' 53rd and last point from the foul line with a little over three minutes left in the game.

Moore Haven closed to within one, but lost the chance to steal the victory when Glades Day stole an inbounds pass.

Luis Garcia scored 16 points and Jorge Rodriguez scored 12 in the final game.

Ballum was the only Terrier in double figures with 19 points.

The Crusaders lost to Benjamin 58-43 in the consolation game earlier that evening.

The Crusaders are now 2-5 and the Gators are 2-0. Moore Haven is 5-3.

CRUSADER Tavi Garcia takes a jump shot against Moore Haven

GLADES DAY won its fourth annual tournament with victories over Benjamin and Moore Haven last week.

"Dawn is a kind of backward sunset." George T. Strong

Clewiston-Monticello game a thriller

By JIM JONES
MONTICELLO—For the first time in history, twin Florida state football champions have been declared. Clewiston and Monticello Jefferson County are the 1982 Class 2A champions. The two schools fought to a 13-13 tie in the finals of the playoffs Friday, Dec. 17.

And because Florida High School Activities Association rules do not include a provision for overtime in the finals of a state championship football game, the teams had to settle for a tie.

None of which should be allowed to overshadow the fact that on Friday one of the most exciting and gutsy games ever played by a Clewiston team unfolded at Memorial Stadium in Monticello.

Clewiston struck first as

quarterback Robert Holmes rolled out and ran untouched 35 yards for a touchdown three minutes into the game.

Jefferson County came back and in 13 plays marched to a tying touchdown with 3:45 left in the first quarter. James Massey, a 6-0, 200 pound running back with dazzling speed raced straight up the middle for nine yards and the score.

Massey's extra point kick gave Jefferson County a momentary 7-6 lead in the game.

Characteristically, Clewiston responded almost immediately. Willie Benson returned the Jefferson kickoff to the Clewiston 43 yard line.

On first down, quarterback Robert Holmes threw a perfect spiral down the Clewiston sidelines, where Titus Dixon

ran under it, and outran everyone 67 yards to the goal.

Clewiston had answered Jefferson's touchdown in 20 seconds. Pete Walker's extra point kick gave Clewiston a 13-7 lead, a lead which it would hold until only 1:18 remained in the game.

In between there were great surges by both offenses and gallant defensive stands. There was enough spine-tingling excitement to keep fans standing and shivering in the 32 degree weather most of the night.

After the second Clewiston touchdown, Jefferson again cranked up its fearsome offense and marched toward the Clewiston goal.

Starting at its 25-yard line, Jefferson drove to the Clewiston three before being halted by swarming Clewiston defenders.

Jefferson found the going considerably tougher inside the 10 than between the 30s. Faced with a third down and one situation, Jefferson gave the ball to James Massey only to have Clewiston linebacker Ralph Brockington make the tackle for a one-yard loss.

The Brockington-Massey matchup continued all night. Morrell said later that Brockington can play with Massey any day, which is no small tribute considering that Massey broke Herschle Walker's high school career rushing records this year.

Jefferson would keep its drive alive with a fourth down run to the 12, but in the next three plays, Jefferson could move only to the three. Quarterback Kelly Lynch's fourth-down pass was incomplete and Clewiston took over at the three.

On first down, tailback Hal White pushed the ball out to the five. On second down, fullback Leonard Mixon burst out to the 30, one of the first of several startlingly good runs by the sophomore. Mixon led Clewiston ground gainers with 149 yards in six carries.

Hal White followed up with a 30-yard gain to the Jefferson 35-yard line and Jefferson seemed to be reeling from the big-play Clewiston offense.

Clewiston would move to the Monticello 23 yard line on a

Holmes to Titus Dixon pass. But on second down, Jefferson came up with a fumble recovery to defuse the threat.

Clewiston returned the favor one play later as Clewiston defensive back Jeff Pittman recovered a Robertson fumble at the Jefferson 44.

After two incomplete passes, Holmes gave the ball to Mixon who responded with 10 yards and a first down. Hal White then picked up four yards to the 26. A second down pass to Titus Dixon was incomplete and Jefferson stopped a third-down running play for no gain.

Pete Walker came onto the field to attempt a 42 yard field goal with 2:45 left in the first half. The kick was long enough, but it was wide of the goal.

Jefferson took over at its own 20 yard line. On first down, Clewiston's Tony Donnelly broke through to drop Massey for a four-yard loss at the 16.

On second down, however, Lynch abandoned his run-oriented offense and threw a long pass to Johnny Mays, who was tackled on the Clewiston 30 by Ralph Brockington.

Jefferson moved to the Clewiston 16 before being hit with a pass interference call and being backed up to the 30. Jefferson lost the ball to Clewiston on downs and Clewiston ran out the clock to end the first half.

Clewiston opened the second half in prime form. Titus Dixon returned the opening kickoff to the Clewiston 24. Dixon then caught a third-down pass for 12 yards to the 38 to keep the drive going.

Tailback Gerald Johnson gained seven yards on the next play to the 45. Leonard Mixon, displaying an artful mix of evasiveness, speed, and tackle-breaking, ran for 37 yards to the Jefferson 18.

In two plays, White and Johnson moved the ball to the Jefferson 14. On third down, however, Clewiston lost the ball on a fumble and Jefferson took over on its 16.

Two plays later, Massey broke his biggest run of the night, a 55-yarder to the Clewiston 28.

Jefferson went on to drive down to the Clewiston eight before giving up the football on downs.

Clewiston would have the ball only two plays as Jefferson came up with an interception at the Clewiston 45.

Staying on the ground with Massey, Jefferson edged its way to the Clewiston 25 before once again losing the ball on downs.

After gaining 10 yards on first down, Clewiston again seemed on the verge of breaking a big play. A Holmes to Johnson pass on the next play moved the ball deep into Jefferson territory, only to go over to Jefferson at the 30 after a fumble.

The start of the fourth quarter saw one of the strangest plays of the game. After being halted at its own 39, Jefferson went into punt

formation. The snap from center sailed past the Jefferson punter, who ran after the ball, fell on it, and then got up and punted. Many fans thought the ball should have been ruled dead when the punter fell on it, but the officials allowed the play to stand. Instead of having the ball deep in Jefferson territory, Clewiston had to start from its own 12.

This time, Clewiston was unable to move the football, but Pete Walker, standing on f, his own 50-yard line, got off a 61-yard punt to the Jefferson 38.

Jefferson too had difficulties moving the ball and was forced to punt. This time, Clewiston took over at its own 24 with 5:18 left in the game.

On first down, Leonard Mixon broke loose once again up the middle for 50 yards to the Jefferson 26.

Gerald Johnson was stopped for no gain, but on second down, Hal White gained eight yards to the 18. On third down, Johnson was stopped at the 20.

Pete Walker came onto the field to attempt a 35-yard field goal with 3:11 remaining. His kick was wide to the left and the Clewiston 13-7 edge continued to hold.

Taking over at its 20, Jefferson punted to the 30. The punt resulted in a three-play scoring drive, culminating in a 13-yard pass from Lynch to Jimmy Brooks for a touchdown.

Jefferson's try for a point-after was botched and James Massey was tackled trying to run the ball, preserving the 13-13 tie.

On the following kickoff, the ball sailed out of bounds and Clewiston took over on its own 40. Holmes passes to Benson and Dixon were incomplete and on third down, Randy Dixon averted disaster by falling on a Clewiston fumble at the 25 yard line. On fourth down, Pete Walker punted the ball to the Jefferson 38.

Jefferson immediately went to the air with a long pass attempt. Gerald Johnson intercepted the pass and returned the ball to the Clewiston 12 with 19 seconds left in the contest.

Holmes' first-down pass to Pete Walker was incomplete and Hal White's second-down run moved the ball to the 50 as time expired.

"We saw six films (of Clewiston) and knew that they would be tough," Jefferson Coach Blair Armstrong said afterward. "We weren't going to convert on third and fourth downs."

Armstrong admitted the game didn't turn out the way he expected.

"To my mind I saw us kicking that extra point. But it wasn't in the cards," he said.

As for a potential overtime period, Armstrong said, "I haven't thought about it because I knew the rule."

Al Morrell was philosophical after the game. "It's been a great year," he said. "I wouldn't trade this team for anything."

New director appointed

BELLE GLADE—Joseph Amato has been appointed executive director of the Western Palm Beach County Mental Health Clinic, Inc. The announcement was made by Willard Taylor, Jr., president of the Board of Directors for the clinic.

Amato currently is serving as administrator of the Palm Beach County Comprehensive Community Mental Health Center. Prior to joining

that agency he served in an executive capacity with several social service agencies and institutions in the state.

Amato holds degree in counseling from the University of Florida. He is married and has two children.

Amato replaces Jean Cogar, who resigned earlier this year as the executive director.

Touchdown run!

CLEWISTON quarterback Robert Holmes skirted the Jefferson defense for 35 yards and a touchdown early in the first quarter and gave Clewiston a quick lead in the game.

Sure tackling

CLEWISTON's defense challenged Jefferson County's pro-style running backs like they have seldom been challenged this year. Willie Benson put the stop on Jefferson running back here, Other Clewiston players include Randy Dixon, (73), John Sorrells (62), Titus Dixon (21), and Clay Harrison (72).

State fair entry forms must be in January 7

Emma Taylor, director of Family Living for the 1983 Florida State Fair, Feb. 2-13, reminds participants in Family Living events that entry forms must be received by Jan. 7, and entries mailed to the fair must arrive no later than Jan. 14. Articles delivered by hand must arrive by Jan. 17.

Competitive areas with ribbons and cash premiums include Adult Arts and Crafts, Baking, Clothing, Creative Stitches, and Food Preservation. Also, Youth and Adult Fashion Show, Adult Fine Art, Horticulture and the Youth Divisions of Arts and Crafts, Baking, Creative Stitches, Food Preservation and Sewing.

Anyone who has been a resident of Florida for six months or longer may parti-

cipate in competition and entries must have been completed since Jan. 1, 1982. There is no entry fee.

Entries or request

for information should be sent to Emma Taylor, Florida State Fair, Box 11766, Tampa 33680.

TEENAGE PREGNANCY: RESPONSIBILITY IS IT?

Relationships, too. Today's couples are partners, sharing what used to be "her" burdens, what used to be "his" obligations. They know that enjoying freedom from stereotyping means accepting a wider range of responsibilities.

That's why men who really care are sharing responsibility for the prevention of unwanted pregnancy.

Planned Parenthood is not "for women only."

We offer contraceptive counseling and services for both partners, for today's men and women who share rights and responsibilities with each other.

Planned Parenthood knows whose responsibility it is to prevent unintended pregnancy.

It's hers. It's his. It's theirs.

Today, individuals aren't locked into "for women only" roles anymore. People have a lot more flexibility than ever before.

That goes for sexual re-

A CRUSADER AND A TERRIER face off in the first game of the Glades Day Christmas Tournament

Cattlemen to certify brucellosis c

Florida cattlemen have gone on record to intensify the efforts to eradicate the cattle disease brucellosis.

Meeting this month in Ft. Pierce, the Florida Cattlemen's Association (FCA) asked that legislation under the current state law be taken against those cattle owners reluctant to have their cattle tested for the disease and voted to seek additional legislation to make it mandatory to vaccinate calves under the program.

"Both actions not only indicate that the majority of the state cattlemen are anxious to move forward with the testing program, but that they are keenly interested in expanding the scope of the program in an effort to accelerate it to a satisfactory level," said State Veterinarian Dr. [Name obscured].

and federal eradication program Chapter 585 of the Florida Statutes all cattle in the state to be tested for brucellosis eradication program. All eligible cattle be tested and complying with the statutes regarding testing at government facilities.

The gathering of cattlemen was held this month after all the cattle failed and the effort was being made to ensure compliance with the law.

Lack of detectors fatal?

A new study indicates that perhaps as many as 96 percent of Florida's residential fire deaths occur in homes without smoke detectors, according to State Fire Marshal Bill Gunter.

Gunter said complete results of the detailed "fire death survey" will be released early in 1983, but that striking figures on smoke detectors should remind citizens of their effectiveness as the holiday season gets underway.

The fire marshal's division was able to obtain confirmation of a smoke detector, or lack of one, in 154 of some 237 residential fire deaths reported. Of these 154 deaths reported in 1981, only six — or four percent — occurred in homes with smoke detectors. Data on the other 83 deaths was inconclusive.

US Fire Administration statistics show that persons living in a home with a smoke detector have almost three times as great a chance to escape if a fire occurs. Also, smoke detectors provide the first warning in about 40 percent of all fires, which is especially significant since most household fires occur while the occupants are sleeping.

As of June this year, at least 100 Floridians had died as the result of fires. Some 898 people, including 349 firefighters, were reported injured, and property losses topped \$62 million, Gunter said.

Bonds

cond issue will be used for construction of improvements to the waste water treatment plant.

Construction on the raw water projects should start early in 1983.

City Manager W.E. "Tom" Strang said the city has targeted March 1 for the start of construction on the sewage plant improvements.

That date is contingent upon the city awarding a contract.

Painter brings Yule cheer with window creations

By BILL BRYANT

Every year for the past three years, some Clewiston merchants have awaited the arrival of Bob Robinson before beginning to decorate their businesses for Christmas.

Bob "Robbie" Robinson is a professional sign painter, who for the past three years has spent the winter in Clewiston. He first came to Clewiston in 1957, when he helped create the scenic atmosphere at Old South Bar-B-Q Ranch.

Robinson says he has been painting signs and showcraft for circuses, carnivals and amusement parks "off and on" for the past 30 years.

"The creativity of painting is what I like most about my job," said Robinson.

He explained that he was born into the circus in Ottawa, Canada and first began painting signs and circus showfronts as a boy. Robinson's family, at that time, owned the John Robinson Circus and his father had charge of painting and decorating the show.

"He taught me how to draw and paint," Robinson said.

After his family's circus went bankrupt during the 1930s, Robinson continued to paint signs and showfronts. According to Robinson, he has traveled all over the world painting. He once spent seven months in Caracas, Venezuela painting the Circus Americana. Robinson also worked as a stage scenery artist for Universal Pictures for 3 1/2 years.

He still paints circuses, amusement parks, carnivals, and fun fairs throughout the United States.

According to Robinson, he has regular customers in Clewiston, including the Glades Restaurant, Donnelly's Restaurant and Kelsee's Chevron Service Station, who he can always count on for work during the winter.

"Painting is a good trade," said Robinson, adding that "there's always work for a good sign painter."

He said he never solicits work, but depends on word-of-mouth advertising for jobs.

"I'll be painting something and someone will tap me on the shoulder and tell me he or she needs something done," Robinson noted. "It goes on and on."

The lettering on Robinson's truck has also got him some jobs, according to Robinson. He explained that he has pulled into truck stops for a bite to eat and people have offered him jobs.

On another occasion, a person chased Robinson to the outskirts of a town and flagged him down to offer him a job.

For the past eleven years, Robinson's traveling companion has been a Macaque monkey named Brandy that he acquired in South America.

"That monkey has been more places than most people," quipped Robinson.

A waitress at Donnelly's interjected, "That monkey eats better than most people."

Turning to his preference for painting circus showfronts and carnival midways, Robinson related that a news reporter asked him one time why he didn't paint for art museums and galleries.

He replied: "You see those banners in the circus midway? More people see those than would ever see paintings in an art museum."

However, Robinson recalled that he used to do charcoal sketches in a Chicago tavern, but added "that was chicken today and feathers tomorrow."

Robinson said he comes to Clewiston every winter because he "likes the town and has lots of friends here."

In April, he'll leave and head for New Jersey, where he will paint fun fairs on the Jersey coast.

In the spirit of St. Nicky

ONE OF SANTA'S ELVES, who some said bore a strong resemblance to Nicky Hegley, recently visited the residents of the Clewiston Health Care Center and gave out treats.

Hospital auxiliary enjoys Christmas party

More than 50 members of the Hendry General Hospital Auxiliary attended a Christmas party held at the Glades Restaurant.

The welcome was given by Diane Carithers, acting president of the auxiliary. Guests included the members of the hospital board and Dorothy Ridgill, hospital administrator.

Appreciation for the work done by the auxiliary and for its contributions was expressed by Mayor Fred C. Sikes.

Highlight of the party was the arrival of Mr. and Mrs. Santa Claus (Bill and Sue Bass) to deliver gifts.

Among those attending were Barbara McCall, Dorothy Schmuck, Marguerite Rife, Daisy B. Tompkins, Pat Baker, Harriet Strickler, Marguerite Sage, Eleanor McLaughlin, Ruby Pearce, Marie Olson, Amy Bilsky, Margaret Upstrom, Mary R. Rackstraw, Kathy Hickman, Joan Rackstraw, Eunice Pohlman, Jan Good, Mary H. Hill, Gussie Foy, Shirley Williams, Frances English, Lester English, Barbara Ward, Mary Louise Cox, Ruth McCarthy, Dan McCarthy, Evelyn Sikes, Maria Santiago, Mildred Cox, Jack Rafter Jr., Mary Rafter, Paul Gesink, Helene Gesink, Faye Shaffer, and Mizelle Windley.

Legion to serve Christmas dinner

There's no reason to be alone for Christmas dinner. Post 299 and its auxiliary will serve dinner at the American Legion hall in Moore Haven beginning at 11 a.m. Christmas day. There is no charge and all are welcome.

The Post will hold a New Year's Eve party Dec. 31 following Bingo at the Legion hall.

Bereaved parents organization to meet

Compassionate Friends for Bereaved Parents will meet Monday, Dec. 24 at 7:30 p.m. in the Lake Placid First Presbyterian Church.

For further information, contact Mrs. Joe Peebles at 465-2602.

BOB ROBINSON stands in front of his truck after work recently.

ly, Robinson pointed the lettering on his truck.

Coalition fights Christmas hunger

By AILSA DEWING

The Christmas tree was bare. No ornaments. No gifts beneath. Standing in the office of the Florida Coalition Against Hunger (FCAH), it could have been the symbol of a bleak Christmas — the sort of Christmas that passes by children who live in homes where Santa doesn't visit.

But it was only Dec. 16 and the sight of an untrimmed tree inspired almost everyone who saw it to dig down for a dollar or two to help "trim the tree."

By Dec. 24, not only will the tree be trimmed, there'll be gifts on hand for hundreds of youngsters in Clewiston and Moore Haven. And Santa himself (outlined for the occasion by the Salvation Army) will distribute them.

In Moore Haven Santa will visit the Washington Park School from 8 a.m. until noon. In Clewiston he will be at the Harlem Academy School from 1 until 5 in the afternoon.

Most of the toys will come from the US Marine Corps' annual "Toys for Tots" drive in West Palm Beach, but the helping hand behind Santa is the Florida Coalition.

According to the program coordinator, Francisco Rodriguez, FCAH is a nonprofit organization supported by private funds and through Florida Health and Rehabilitative Services.

Organized in 1976 in Kissimmee, the FCAH moved into Glades and Hendry counties last October, opening offices at the Booker T. Washington School in Moore Haven and the Harlem Academy in Clewiston.

Last week, Rodriguez was busy distributing

cheese and dried milk supplied by the US Department of Agriculture to applicants whose income falls below the poverty level.

"We didn't get any butter," said Rodriguez, "but we're hoping to get some by Christmas."

In a matter of days, the coalition had given out 123 cases of cheese, enough five-pound packages to supply 738 families. The cheese was being distributed from the Moore Haven location only, Rodriguez explained, because a resident, Nelda Roberts, had offered the use of her walk-in cooler for storage.

Helping with the distribution was the Rev. Eduardo Santos who works with the Migrant Education Program in the Glades and Hendry school systems.

Although applicants for the milk, cheese and butter denote their need by signing forms, the names of the children to receive gifts were supplied by the schools.

Rodriguez is hoping to have about 500 gifts for children under the age of 14, but, he admits, "There will be kids who come and there won't be any toys." FCAH has asked "Toys for Tots" for gifts for 500 children but can't be certain they'll receive that many.

While the distribution of toys will brighten Christmas for some of the youngsters, many other needs will go unfulfilled, such as clothing for both children and adults.

The Christmas wishing season is fast drawing to a close but anyone who wants to make donations of toys or clothing — either in time for the holiday or afterward — can reach Rodriguez at 983-7765 in Clewiston or 946-0329 in Moore Haven.

SURPLUS FOOD is being distributed by the Florida Coalition Against Hunger this week and on Friday, some children's Christmas will be made brighter by gifts from "Toys for Tots" and a visit from Santa. Francisco Rodriguez, program coordinator for FCAH, is shown with the cartons of cheese and powdered milk being given away.

90th birthday open house set

The 90th birthday of Anna Chomacis will be marked Dec. 26 at an open house from 2 to 4 p.m. to be held at the home of her daughter Bette Davis, 301 Avenue L, Moore Haven.

Jacqueline McGriff promoted to PFC

Jacqueline E. McGriff, daughter of Carolyn E. and Paul Simmons of Clewiston, has been promoted to Private First Class in the U.S. Army.

McGriff is an administrative specialist at Ft. Knox in Kentucky, with the 194th Armed Brigade.

She is a 1981 graduate of Glades Central Community High School in Belle Glade.

Jolly Old Saint Nick visits Glades

HOKEE—The Glades Ebonyque Ladies Club did its second annual fruit distribution for kids in the Pahokee area Saturday.

According to Mrs. Patricia Wallace more than 100 youths were given fruit bags at Pelican Park. The bags were filled with apples, oranges and Christmas candy," said Mrs. Wallace.

Prior to the distribution, Mrs. Wallace said "Old Saint Nick" along with the East Lake Middle School Band, and club members appeared in a parade through Pahokee in route to Pelican Park.

"Santa" arrived in Pahokee aboard the City fire engine driven by Fire Chief Cecil Phillips.

Mrs. Wallace said the City of Pahokee made a

donation towards the purchase of the goodies and Thriftway of Pahokee donated the bags.

"The members of the Glades Ebonyque Ladies Club wish to thank the City of Pahokee, Thriftway, East Lake Middle School Band, and the City

of Pahokee Fire and Police Departments for their cooperation," said Mrs. Wallace.

"Without their help, the distribution would not have been possible," she added.

Staff photo by Alma Henry

Y OLD SAINT NICK rode into Pahokee Saturday on the back of the City of Pahokee Fire Truck. Saint Nick was escorted into the City by Cecil Phillip, fire marshal for the City of Pahokee and a Atkins and Crystal Fox, members of the Glades Ebonyque Club.

Raiders to march in new band uniforms

BELLE GLADE-When the Glades Central Community School Raiders march in their next parade they will be the 'best dressed' band in the parade.

The Marching Maroon Machine will step high in new band uniforms. The last time the Raiders wore new uniforms was in 1972. Willie Pyfrom, director of the band said the new uniforms came in last week and the students played in them for the first time Wednesday, Dec. 15 at a Christmas program at the school. The band also presented a mini-concert for the student body on Thursday.

The new uniforms are gold, maroon and white. Pyfrom said 122 new uniforms were ordered.

The Raiders new uniforms were made possible by a \$25,000 fund raising effort spearheaded by Frank Teets, vice-president and general manager of South Bay Growers.

Dr. Effie Grear, principal of Glades Central was presented with several checks totalling \$25,000 last May by Teets.

Funds were donated by businesses and farms in Belle Glade, South Bay, Pahokee and Clewiston, according to Teets.

Every business contacted by Teets made a donation.

Among those businesses making a donation were Kirchner Oil, Consolidated Chemicals, Royals, South Bay Growers, Basore Florida, W.E. Schlehter and Sons, U.S. Sugar Cane Corp., Both Farms, Maco Sod Service and Sugar Cane Cooperative of Florida.

For the past several years, members of the band and the Parent Association have spearheaded numerous fund raising activities to raise funds for new uniforms.

Band Students for the past three years band members have purchased their own shirt, slacks, and shoes, while the school has been buying the hats and cumberbunds.

The new uniforms made on a 'tuxedo' style, features the word 'Glades' down the back of the coat.

One of the most county's most popular high school band, the Raiders participate annual in the Black Gold Jubilee Parade, the

Dukes receives \$750 musical scholarship

BELLE GLADE-Ana Lena Dukes a freshman at Bethune Cookman College of Daytona Beach has been selected to receive this year's ASCAP-Raymond Hubbell Musical Scholarship.

The announcement was made recently by ASCAP President Hal David.

A 1982 graduate of Glades Central Community School, Miss Dukes is one of 23 college students from 12 U.S. universities across the country selected to receive a total of \$18,000 in this year's Raymond Hubbell Musical Scholarships.

The awards program established in 1973, assists college students majoring in the field of music.

afro Arts Festival, the Palm Beach Christmas Parade, and performs at the Wellington Polo Championship and numerous marching

and concert contests. Pyfrom said the community will get to see the Raiders in their new uniforms after the Christmas Holidays.

High School Students, Who's Who in Music, Best Female Soloist, and Best Female all around in Music.

She is a member of the Bethune Cookman College Concert Chorus, (first soprano), Women's Glee Club, Alpha Angel, and the Women Senate.

Miss Dukes of 536 S.W. 13th St., Belle Glade, received \$750 from the foundation.

She said her educational goal in music is to obtain voice training and ultimately a professional career in the performing arts.

Lille Bell Gordon, treasurer; Willie Dean Jones, secretary; Barbara Williams, conductress; Mary Funderbuck, associate conductress; Betty Hill, Ruth; Katie Bostic, Martha; Catherine Singleton, Esther; Laura Odum, Adah; Daisy Pace, Electra; Olivia Gilbert, Sentinel; Corine Fields, Warder; Rosa Lee Hanna, Chaplain; and

Josephine Nelson, assistant secretary. Other members are Darlene Bolden, Drucilla Davis, Josey Ritney, Cynthia Blake, Joanna Day, Brenda Williams, Deloris

Mays, Vernita Hale, Janette Graham, Edie Henderson, Alma Henry, Mattie Walker, Vaughn Grant, Lorene Battle, Mae Bell Rhames, Sallie Robinson and Marion Sherrod.

Oliver attends testimonial banquet

DAYTONA BEACH-Mrs. Dorothy G. Oliver, of Belle Glade, Imperial Deputy of the Oasis of Masud Court number 71 Daughter of Isis was special guest of Osiris Court number 70 Testimonial Banquet.

The banquet was held recently at the Parlin Student Center, Bethune Cookman College, Daytona Beach.

She was welcomed by members of Osiris Court 70 and Dr.

Richard V. Moore, president of Bethune Cookman College.

Other special guests were Alice Wright, illustrious Commandress of Masud Court 70 of West Palm Beach and Mary Washington, Imperial Deputy of the Desert of Jacksonville.

Mrs. Oliver, a public school teacher at Gove Elementary School in Belle Glade, is graduate of Bethune Cookman College.

Business courses offered in Pahokee

PAHOKEE-Two popular evening courses are scheduled again for residents of the Pahokee area.

Typing and book-keeping, offered cooperatively through Glades Central Community High School and West Tech, will be taught beginning Jan. 17 and 18 at Pahokee High School.

The typing class will meet Mondays and

Wednesdays from 7 to 10 p.m. for ten weeks. Bookkeeping meets on Tuesdays and Thursdays from 7 to 10 p.m. for ten weeks.

Registration will be on a first-come, first-served basis during the first class meeting for each. A talented, fully certified business education teacher will teach the courses.

Call 996-4950 for further information.

Wednesday during the annual Christmas Program given at the school.

History of the Glades

20 YEARS AGO
THE BELLE GLADE HERALD
DECEMBER 27, 1962

Uncle Sam was considering paying Santa Claus to Belle Glade, offering a \$1.4 million grant to improve the city's sewer treatment plant and collection system.

A main gravity line and a plant capable of handling the city's sewage while working at only 20 percent capacity was in the works.

City commissioners didn't grab the grant immediately however, preferring to wait and see if city residents really wanted the improvements made.

Also under consideration was a raw-water intake that was either in a different place or improved.

It was bragging time for the Belle Glade Herald, which served several new pieces of equipment, according to an announcement.

Publisher Luther Jones promised better reproduction of pictures with the assistance of a new electronic engraving machine.

Also brought on line was a new press capable of printing eight pages of newspaper at a time, compared to the four-page sections being printed at the time.

(The Herald-Observer is now printed on a press capable of printing 20-page sections.)

30 YEARS AGO
THE BELLE GLADE HERALD
DECEMBER 26, 1932

A contract for construction of two bridges in the Glades area in the near future was signed by the State Road Department.

The contract was for construction of a new span at Canal Point and another at Six Mile Bend. Both bridges were to be built for \$357,000.

Florida Foods, Inc., a cannery built in Belle Glade during World War II, would continue to be exempt from ad valorem taxes but would continue to pay for an occupational license.

The city commission received a letter from the company saying it would operate for at least six months out of the year and employ at least 125 people.

A new brokerage firm headed by President E.A. McCabe was introduced to the Glades. McCabe was vice president of Pioneer Growers Cooperative.

The new firm was formed to buy packing house supplies for its member houses as a group, providing more efficient purchasing at lower costs for all the houses.

40 YEARS AGO
THE EVERGLADES NEWS
DECEMBER 23, 1942

World War II was being brought home to

members of the First Baptist Church of Pahokee, who would be hearing a Red Cross missionary who had been held prisoner by the Japanese.

The Rev. S.O. Whitman had just returned from Russia, where he had met Premier Joseph Stalin and had been bombed by German warplanes.

Whitman had been captured by the Japanese in the Philippines after a ship he was on barely escaped a Japanese torpedo after sailing from Manila.

He said he managed to escape the prison camp where he was being held but not before he saw a fellow missionary bayoneted in the stomach by a Japanese soldier.

United States Sugar Corporation was continuing its annual tradition by distributing more than 5,000 Christmas packages to all employees at 12 plantations.

Vice President Jay W. Moran said war conditions made it impossible to obtain the usual amount of candy and children's toys but those available would be added to fruit packages.

Area churches were planning Christmas services which were to take the form of a cantata at the Methodist Church and a Watch Night program at the Baptist Church in Pahokee.

50 YEARS AGO
THE EVERGLADES NEWS
DECEMBER 23, 1932

One solution being offered farmers to the shortage of cash during the early Depression was to revert to barter.

A front page article in the Everglades News said farmers had been warned not to expect high prices for upcoming crop harvests because of new unemployment.

The farmers could grow their own money, News Editor Howard Sharp said, by bartering their surplus crops for surplus crops grown in other areas.

The suggestion, which had been printed in an earlier issue, had received the endorsement of such people as State Supreme Court Justice Glen Terrell.

Terrell said the suggestion had more common sense than most he'd heard and said he saw no reason every farmer in the Glades shouldn't also own a milk cow and a brood sow, which would almost guarantee the farmer and his family groceries for the year.

Another suggestion being offered by a Lake Harbor farmer, who'd had some experience in Louisiana, was to grow soy beans in addition to field corn and grapes in land removed from the vicinity of Lake Okeechobee.

I. I. Tatom said soy beans were particularly being sought by dairy farmers to use as feed. He said the soy beans could be used for another cash crop not now being grown in the Glades.

He said he intended to grow soy beans at his Lake Harbor holdings during the coming year.

McDaniel named to board of Baptist Children's Home

Robert E. McDaniel of Clewiston was recently elected to the Board of Trustees of the Florida Baptist Children's Homes. He was nominated and elected by the Florida Baptist Convention, and will serve a 3-year term on the 21-member board.

McDaniel is a former member of the Board of Trustees of Palm Beach Atlantic College, is an active Mason, and a leader in the Catholicism's Association. He also serves as a deacon in the First Baptist Church of Clewiston.

His first duty as a trustee was to lead an orientation for new members at the Children's Homes' state office in Lakeland. The following day was the board's annual meeting and recognition banquet. He was selected to serve on the Board's Investment Committee.

At their annual

meeting, the trustees elected to serve on the Board's Investment Committee.

At their annual meeting, the trustees elected officers and established goals for the new year. Doug Mason of Clearwater was re-elected President of the board, and Glenn Wright of Lakeland was chosen for another term as Vice-President. Walter Delamar, Executive Director of the agency was re-elected as Secretary-Treasurer.

Goals for 1982-83 include caring for 440 children in the statewide programs, completing a \$100,000 capital renovation project on the Miami campus, and developing a five-year plan for the Children's Homes' programs, among others. At the evenings banquet and recognition service, Mrs. Allan Dudley, a child care worker on the Miami campus of the Children's Homes was given special notice for

her five years of dedicated service to the agency. In addition, outgoing board members and several individuals who have made outstanding service and financial contributions to the Homes were honored.

Beginning as an orphanage in Arcadia, Fla. in 1904, The Florida Baptist Children's Homes now have campuses in Lakeland, Miami, and Tallahassee, and a social work office in Pensacola and Fort Walton Beach. The Homes provide residential care, counseling, foster care, adoption, emergency shelter care, scholastic aid and referral services to dependent, neglected children from across the state.

Last year, 985 children were cared for in the various programs. Support for the Homes comes about half from Florida Southern Baptist Churches and half from private contributions.

Palm Beach Junior College to increase fees

Palm Beach Junior College students will be paying an extra \$1 per credit hour beginning with the Spring Term. In May, Out-of-state students will pay \$2 per credit hour more.

College trustees agreed at a meeting on Dec. 23 when Dr. Edward M. Eisey, PBJC president, said that the increase to the maximum allowed by state law would be necessary in order to fund cutbacks from the state.

Out-of-state students will

be paying \$19 per credit hour and out-of-state students will be paying \$38. A full-time student with 12 credit hours would pay \$228 per semester, and double that amount if he is not a state resident.

Dr. Eisey said that even though the need for additional funding is great, the administration was not recommending that the increase go into effect during the Winter Term, which starts in January.

"We believe the increase will produce less

hardship if we give advance notice," he said. The college receives approximately 30 percent of its revenue from student fees, with most of the rest from state funds.

In other actions, the board accepted a donation of 22 books about the Holocaust from representatives of B'nai B'rith, and adopted an updated version of the College Plan, a compilation of goals and objectives which is updated each year.

Holiday closing set at PBJC-Glades

Palm Beach Junior College will close out the Fall Term on the afternoon of Dec. 23, and re-open for the Winter Term on Jan. 3. All college offices will be closed during the holidays from other times in the year to obtain the break between

semesters. The savings in energy and money by being able to close completely during this time period are even more important to the college this year due to cutbacks in state funding.

The savings in energy and money by being able to close completely during this time period are even more important to the college this year due to cutbacks in state funding.

Pahokee Marine serves with Lebanon peace-keeping force

Marine Pfc. Joe N. Hall Jr., son of Joe N. Hall Sr. of P.O. Box 244, Pahokee is serving as a member of the international peacekeeping force in Lebanon. He is a member of Battalion Landing Team 38, 24th Marine Amphibious Unit (MAU), Camp Lejeune, N.C.

In conjunction with Lebanon's Army, French, and Italian troops, approximately 1,200 Marines of the 1,800 member 24th MAU began patrolling East Beirut.

The 24th MAU relieved the 32nd MAU of peacekeeping efforts in early November. The 32nd MAU had been

ordered to the war-torn nation in June to participate in the evacuation of American citizens and foreign nationals. The 32nd MAU returned to Lebanon, in August to supervise the evacuation of the PLO, and in September as part of the multi-national peacekeeping force.

SERMON DYESS (center) and his brother Fred (left) recently donated \$500 from the Earl Dyess Memorial Fund to the Toma Fund. At right is Dr. David Thomas, presi-

dent of CLIP. In the background is a picture of the late Earl Dyess, who was killed in the line of duty while serving as Hendry County Sheriff.

Beta Pi meets

The regularly scheduled meeting of Beta Pi was called to order at 8 p.m. on Dec. 7 at the home of Gayle Rumluf.

During the meeting, it was announced that a fund-raising project would be held in January to help raise funds for bringing David Toma to Clewiston, where he will speak to students about drug abuse.

Beta Pi's next meeting will be held on Dec. 21 at the home of Linda Weiland. The sorority will have its annual Christmas party and exchange gifts.

The meeting was then adjourned and refreshments were served by the hosts. Members attending the meeting were: Patti Quithers, Jan Klosterman, Jenny Pearce, Linda Weiland, Janice Burchard, Barbara Clark, Betty Lisenby, Sandra Holder, Patti Kujawski, Terry Whitehurst, Gayle Rumluf, Mendi Coker, Lorina Sheffer, Bebe Polhill and Jackie Hilyer.

FATHER JOSEPH STEARNS, pastor at St. Margaret's Church, recently presented Dr. David Thomas, president of Clewiston Informed Parents (CLIP), a check for \$815 toward the bringing David Toma, an ex-undercover detective for the Newark, N.J. Police Department, to Clewiston to speak to

students about drug abuse. CLIP's goal is \$6,000. Father Stearns said The Knights of Columbus, Ladies of Charity and the Women's Guild each donated \$200 and St. Margaret's Church donated \$215 raised in a special collection for a total donation of \$815.

Eastern Star meets

The Order of the Eastern Star met Monday, Dec. 13 in the Masonic Hall.

Mrs. Helen Dickey, Worthy Matron, and John Stanberry, Worthy Patron, presided.

A covered dish dinner preceded the meeting and a gift exchange and social hour followed the meeting.

Green Thumb Garden Club to have booth at county fair

The December meeting of the Green Thumb Garden Club was held at the Clewiston public library on Dec. 7.

The meeting was called to order by Sandy Stitt, president. Claire Vaughn, treasurer, gave the treasurer's report. The roll was called and the minutes for the November meeting were read by Nancy Pritchett, recording secretary.

At the meeting, it was decided that the Green Thumb Garden Club would set up a booth at the Hendry County Fair for the Home Extension Service, where plants to be judged would be received and displayed. Club members will also water and take care of the plants during the week of the fair.

As a project this year, the garden club will plant hedge-type plants around the front of the Association for Retarded Citizens building. It will also plant several trees in the play area. The plants will be planted the first week in June.

To make money for the project, the club will have a plant sale around Easter time.

Mrs. Stitt appointed a committee to look into what type of plants to sell and the cost to the club. Caroline Pape and Cathy Hilliard will gather all the information concerning the sale and report to the club at a later date.

Barbara Armstrong, who has hosted for the meeting, made a lovely snowman cake and held a drawing to see who would get to take the cake home. Peggy Hardy won the cake.

A cookie and recipe exchange followed the business meeting. Then, the meeting was adjourned to decorate the library. After decorating the library, everyone enjoyed a luncheon at the Clewiston Inn.

Members present at the meeting included: Barbara Armstrong, Lottie Bridgeman, Emily Drake, Sandy Stitt, Peggy Hardy, Cathy Hilliard, Claire Vaughn, Nancy Pritchett, Joan Meske and Caroline Pape. Guest were: Louise Tussey and Alice Pietrofesa.

Preceptors are guests of Sextons

Members and guests of Preceptor Beta Sigma Chapter of Beta Sigma Phi Sorority met at the home of Mr. and Mrs. Joe Sexton for a Christmas party and covered dish dinner.

Mrs. Curtis Thompson entertained with a Christmas story and Katie Vancil, in the role of Santa Claus, distributed gifts from under the

tree. Those attending included Mr. and Mrs. Abner Vann, Helen Dickey, Mrs. Jack Baker, Mr. and Mrs. Art Lawrence, Mr. and Mrs. Gayman Rackstraw, Mrs. Fay Durenne, Mrs. J.M. Fountain, Mr. and Mrs. George Jepson, Mr. and Mrs. Larry Rackstraw, and Curtis Thompson.

VA provides free grave markers

Families of veterans who select a burial site for a deceased veteran in a private cemetery have two options for Veterans Administration assistance in marking the grave, according to St. Petersburg VA Regional Office Director Carlos Rainwater.

The VA will provide, upon request, a headstone or marker free of charge and ship it to the consignee designated on the application. Rainwater said. Cost of placing the marker in a private cemetery must be borne by the applicant, however.

A second option, Rainwater noted, is that the VA will reimburse part of the cost of a headstone or marker bought privately and placed on the grave of a veteran. The current amount is \$67,

which is the average cost of headstones purchased by the VA.

Application for the VA headstone or marker should be addressed to Director, Monument Service (42), Department of Memorial Affairs, Veterans Administration, 810 Vermont Ave., N.W., Washington, D.C. 20420.

Application for the \$67 reimbursement for a marker other than the VA standard should be filed at the St. Petersburg VA regional office, P.O. Box 1437, St. Petersburg, FL 33731. Proper routing of the application will expedite service.

Rainwater advised those interested to call his VA regional office's toll free number listed in the white pages of local telephone directories.

PALM BEACH JUNIOR COLLEGE GLADES 1982-83 WINTER REGISTRATION

Joanne Green

Long ago
in a land far
away...

Sugar Cane Growers of Florida Inc. & Its Employees

Shepherds left their flocks and into what seemed miles and miles to see the newborn Christ child and celebrate His birth. Today we commemorate this holy time with celebrations of our own and traditions that have been handed down from generation to generation. The original tradition: His birth is today called to remind us of the true spirit of the Christmas season — love. The world over the memory of His birth is recalled in many ways. We hope that you and your family may have this opportunity of the season to recall His birth in your own special way of celebration and worship.

Dear Santa,
I want some skates and

"Taking It From The Top"

by Dr. David T. Evans

"The following is a fictional piece offered to our readers in an effort to share the Christmas spirit."

My steps were discouraged and my eyes were no longer bright. My physical and mental senses were both tired from the fruitless quest. My search for Christ this Christmas Eve had been without results. I had gone to the music stores where records had blared Silent Night and I Came Upon a Midnight Clear. I had tried the door of the dark church in the center of town and had found it locked. I had even looked in the hall room of the Country Club where a dance was going on. My feet led me through the residential district past brightly lighted homes that were noisy and crowded, the houses were further apart now, and ahead I saw the dark steeple of a country church. As I drew nearer I saw that a nativity scene was in the yard. Within the corral that surrounded the scene were the animals, the actors having gone to the warmth of their homes. I climbed over the poles to look within the manger covered with sweet smelling hay. A donkey was nosing around the cradle, ignoring me. Suddenly I became aware of another presence standing in the shadows. "WHO ARE YOU and what are you doing here on this Christmas Eve? Haven't you any place to go? I asked after an embarrassed silence. My embarrassment turned to fear.

"I am the One whose birthday you will be celebrating tomorrow" The voice brought tranquility to the air.

Yet I was disturbed because He wasn't in the right place, so I said "Lord, why aren't you in the manger at Bethlehem? You are supposed to be a babe in swaddling clothes! What about the message to the angels?"

"I've grown into a man while you have wanted to keep me in the cradle because babes are sweet, soft and innocuous. My destiny is in Jerusalem and on the Hill of Golgotha." The darkness and the silence swallowed up to the presence and the voice. I continued my mission. The pavement ended and the road became two ruts. I wanted to turn around but I saw a light which was a small window in a rough shack. I knocked at the weathered door. It opened. "I am looking for the One the kings worshipped. I am looking for the Christ." I said, not knowing what to expect. "I am He", a majestic voice spoke out of the doorway.

"Where are the visitors from the East?" I asked. "They remained only a short while." The quiet voice answered. "But Lord, you were born to be a king" I said, persisting. "THE TIME of receiving audience as the King of the Jews has given way to the reconciliation of man to God. The cross comes before the crown. Humiliation comes before exaltation.

I stood unbelieving although the words seemed important, but I still was looking for more proof. "Where are the gifts brought by the kings?" "The only gift I have needed is the love of my Heavenly Father!" The doorway and the house were empty. The stillness pushed me on. I continued my pilgrimage up the eversteepening hill. The trees disappeared and the ground became rougher and steeper. Now I could see something at the summit. The object is becoming clearer now. It is a cross with a man hanging on it. "Can this be You, Lord?" "Weren't you to go with your parents to Egypt and escape?"

I still wanted Him to be a small child. My curiosity for His motive had overcome my concern for His suffering. "I went then but I cannot go now. I must face the wrath of the world so that you and all men can be free. You would not be able to face temptation and suffering except that I go first! I must suffer humiliation before you will understand the depth of my love for you."

"Lord, if you are to die, how can Christmas be joyous?" "Because the Cross is not the end, but is tied inseparably with the open tomb because my victory is there!"

His truth was beginning to seep into my heart. I felt I must do something about His agony, for now I tried to take Him down, but His eyes restrained me. They were saying, "I must die before I can live again." Love to be full blown must be expressed in all dimensions. A light drew me down the hill to a garden. A figure was dressed in white. There was a heavenly radiance about Him. "Who are you?" I asked. "MY Son!" the voice said. My search was ended, the doubt was gone. He made as if to go, but I restrained Him. "Don't go, Lord, we need you here!" "I am always here if your heart is open. Now go, tell the others, but they must come to me for themselves!"

I ran to ring the bells of Christmas, for the Savior had truly come and I had found Him.

Staff photo by Alma Henry

PRETTY BALLERINAS. These pretty young ladies danced the Christmas dance at Gove Elementary during a Christmas program given at the school Friday.

Holiday season traditionally sparks many new engagements

The holiday season is a very special season, and extra special to many young couples

who pick that time of year to become engaged, reports the Jewelry Industry Council.

Romance seems to thrive when the air is charged with the excitement and bustle of the yuletide, with its bright colored holly berries, mistletoe, and the soft glow of candles adding to the happy ambience.

Song writers have long eulogized the winter season for lovers, rhapsodizing about the delights of sitting by the fire-side, building snowmen, and bundling up for sleighrides in the snow.

Small wonder that Christmas is the time when many a young man picks out that special diamond engagement ring, and presents it to the woman he loves.

It's probably one very good reason that it's not unusual for the youngsters to see Mommy kissing Santa Claus, as the couple recall their courtship days during holiday seasons past.

Actually, the history of the tradition of the diamond engagement ring dates back only about 500 years, to 1477, when Maximilian of Austria gave a diamond ring to Mary of Burgundy to pledge his troth.

At any rate, Max started a custom that young men are following to this day — to the delight of every woman who has her beloved slip that special diamond on her finger, says the Council.

SWEETEST SEASON'S GREETINGS — Christmas is the time when more young men give that very special diamond engagement ring to their beloveds, reports the Jewelry Industry Council. The tradition of the diamond ring may be only 500 years old, but it's one most cherished by lovers the world over.

ON CHRISTMAS DAY

all bells on earth will ring sounding a message of love and joy to people everywhere.

Our sincere gratitude.
BILLY ROGERS CORPORATION
South Bay, Florida

New records add digital note to holidays

The record world is entering a new era. A technology called digital audio is bringing forth record albums of remarkably live sound.

Perhaps as early as next year, manufacturers will begin offering small discs to be inserted into laser-beam record players.

But you can give a friend, relative or yourself a taste of digital sound right now, without the need for any expensive new stereo gear — and for less than \$20 per record.

Record and hi-fi stores are selling a large selection of digitally recorded albums meant to be played on standard stereo systems. These look just like regular LPs and require no special playback equipment.

Anyone with a decent-sounding stereo system should be able to hear the vivid details and wide volume range these discs provide. They're not just for hi-fi cultists.

(Digital recording uses computer codes to capture the sound of live musical performances. Don't confuse it with synthesized or computer-made music. That's entirely different.)

Available recordings range from the Cleveland Orchestra's performance of Tchaikovsky's "Nutcracker Suite" (Telarc DG 10068), a holiday favorite, to symphonies and even solo performances by virtuosos such as pianist Nina Leitch.

Classical music, with its rich variety of tones and volume levels, lends itself particularly well to digital recording, notes Jack Renner, president of Telarc, the perfectionist U.S. record company that pioneered digital records in this country.

THE "Nutcracker Suite" a holiday favorite, is one of the many musical works now available in digitally recorded versions.

Homemade candy—terrific way to sweeten the season

Candy is a perennial holiday favorite, and the homemade variety is best of all. If you've never played confectioner before you'll want an informative book to turn to, which supplies not only the tantalizing recipes (that's only half of it!), but which also gives copious background information on candy-making techniques.

One such book is *Candy Recipes and Other Confections* (Dover Publications, Inc. by May B. Van Andale and Ruth Parrish Casa Emellos).

The book outlines cooking temperatures for various confection types, as well as giving an overview of different candy categories, the necessary equipment and basic ingredients.

Recipe chapters tempt the potential confectioner with Fondant, Fudge, Penchi and Opera; Divinity and Nougat; Maple Candies; and Popcorn Candies, to name a few.

Reprinted below, from *Candy Recipes and Other Confections* are recipes for two sweet treats, Molasses Pop Corn Balls and Caramel Walnut Squares, both perfect offerings for Christmas get-togethers.

MOLASSES POP CORN BALLS

LARGE RECIPE:
1 cup light molasses
1 cup dark corn syrup
1 tablespoon vinegar
3 tablespoons butter
3 quarts popped corn
1/2 teaspoon salt

SMALL RECIPE

1/2 cup light molasses
1/2 cup dark corn syrup
1/2 tablespoon vinegar
1 1/2 tablespoons butter
1 1/2 quarts popped corn
1/2 teaspoon salt

Mix molasses, syrup, and vinegar in a saucepan and cook, stirring occasionally to prevent burning, until the temperature 270°F. is reached. After 240°F. is reached, constant stirring will be necessary. When done add butter and stir only enough to mix. Slowly pour the cooked syrup over the salted popped corn and mix well.

Form into balls with the hands, using as little pressure as possible.

Two drops of oil of lemon may be added to the syrup.

Cold water test when syrup reaches 270°F.: slightly brittle.

Yield (large recipe): number of balls—twenty (two and one-half inches in diameter).

CARAMEL WALNUT SQUARES

2 tablespoons butter
3 tablespoons dark caramel syrup
2 tablespoons condensed milk
1 teaspoon vanilla
1/2 teaspoon salt
1 pound confectioners' sugar
1/2 cup chopped walnuts

Melt the butter, add the caramel syrup, condensed milk and vanilla. Mix and add the

salt and sugar. Knead in the chopped nuts. Press into a lightly buttered pan, cool, remove from pan and cut into squares.

Yield: weight about 1 1/4 pounds.

CARAMEL SYRUP

1 cup sugar
1/2 cup or more boiling water

In a frying pan or a heavy aluminum saucepan heat the sugar over a very low flame, stirring constantly with a wooden spoon, until it is melted to a syrup. Remove from the flame and add the water slowly while stirring. Return to flame and allow it to simmer until it is a thin syrup. If there are any lumps add a little more water and boil it until the lumps dissolve.

Caramel syrup may be used for waffles or griddle cakes either as it is or mixed with an equal amount of corn syrup. One-fourth teaspoon of vanilla may be added if desired. If it is to be used for this purpose the water must be added to the melted sugar when it is a very light golden brown. It is also used as a flavoring in candies, frostings, custards, ice cream and other desserts. If it is to be used as a flavoring material the sugar must be heated until it is a deep golden brown before adding the water in order to develop a strong caramel flavor.

When the boiling is finished the product must be a thin syrup. If not to be used immediately, keep it in a covered jar.

Yield: About 1/2 cup.

THE CHRISTMAS Story continues to hold special significance for Christians of all ages. Glades Day Elementary School brought the story to life recently.

MARY (Kim Parrish) and Joseph (Mark Challancin) are surrounded by angels.

The Christmas Story presented by Glades Day

Elementary School

The Glades Day Elementary School presented its annual Christmas Program entitled "The Living Nativity" on Wednesday December 8, at 7 p.m. in the Dora B. McWhorter Hall.

Musical highlights of the evening included, "Oh Come All Ye Faithful," "O Little Town of Bethlehem," "Away in a Manger," and "Joy to the World." The entire musical repertoire was performed by pianist Edward Mikovsky. Special soloists were Brook Sizemore, Michelle Wilkinson, Gerald Resmondo, Peter Ross and Sutt Austin.

The program was coordinated by Peggy Green, while each teacher and class contributed to the outcome. The technical advisor was Thomas Carr while stage decorations were coordinated by Irene Tellechea, Vicki Repper and Elsie King. The cast of the pro-

duction came from the elementary school. "Mary" was played by Kim Parrish and "Joseph" was played by Mark Challancin. The three kings who followed the star to Bethlehem were Ron-nito Graydon, Jeffrey Harrington and Mark Dexter.

The host of angels included Jennifer Jones, Mandy McMullen, Bobbie Sue Barnes, Amy Prescott, Brandi Miller, Mandy Rushing, Dede Kir-chman, Michelle Thompson, Valicia Tyler, Stacey Grind-staff, Rebecca Tellechea, Kim Boris and Melissa Rutherford.

Shepherds were played by Brad Wilkinson, Luis Capote, Miles Griffin, Tommy King, Andy Ballard, Michael Rodriguez, Trevor Fischer, Chad Parrish, Doug Carter, Ronnie Fountain, Jon Browder, Jason Larson, Jason Tucker and Paul Prescott.

GLADES DAY SCHOOL students recently took part in a Christmas program.

CHOIR soloists lead the students in song at the Living Nativity.

SHEPHERDS tending their flocks is a part of the Christmas story.

Their way was not easy. His birth was humble and hard. Let's recapture in our hearts the spirit of love and tranquility they experienced that first Christmas day. Peace be unto you and all mankind at this holy season.

Warm Family Feelings

Holiday Customs And Traditions

Holiday time is a favorite time everywhere and a great time for girls and boys to learn about the traditions of their own families and of people around the world. To help kids appreciate the customs and traditions of various cultures Camp Fire, the national youth agency, has a project called "Many Cultures Make Up Our World."

According to Debra Connor, project director, environment is one factor that influences how people celebrate holidays. Take Santa Claus, for example. In Syria, a hot Mediterranean country, a man in a fur suit riding in a sled pulled by reindeer would seem out of place. So instead of Santa, Syrian children look for their presents to be delivered by the "Youngest Camel," an animal that is familiar to them.

In Brazil, where Christmas falls in the middle of the summer, Papa Noel comes in through the window because the chimneys, if there are any, are too small. In the New Year, Japanese families decorate their houses with bamboo, evergreen and straw rope, all common items in Japan. The decorations symbolize long life and strong ties.

Many holidays had their beginnings as a way to celebrate the changing of the seasons, says Ms. Connor. For example, Chanukkah and Christmas are celebrated near the winter solstice, the shortest day of the year. Passover and Easter fall near the spring equinox, when day and night are equal in length.

Here are some activities that are fun for kids and adults and can help give

In Syria, presents are delivered not by Santa Claus, but by the Youngest Camel.

families a feeling of togetherness during the holiday season.

Holiday Recipe Book

Get together with family members or friends and have everyone bring recipes for special foods eaten only during the holidays. Draw pictures of people making the food or eating it. Write stories about how the food is prepared or why it is served only during the holidays. Put the recipes, stories and pictures together in a notebook or on a set of recipe cards punched and tied together with string.

Bring Back an Old Tradition

Get boys and girls together with grandparents or other older members of the family to talk about how holidays were celebrated in the "old days." Discuss what has stayed the same, what has changed and why. Choose a tradition from the past and make it

a part of this year's holiday celebration.

Explore Traditions of Other Cultures

Look in cookbooks for cookie recipes from around the world and bake an assortment of holiday cookies from different countries. Look in craft books or magazines for ideas on making holiday decorations from other cultures.

Camp Fire's Many Cultures project is made possible by grant from NEH Youth Projects of the National Endowment for the Humanities, a federal agency established by Congress to promote research, education and public activity in the humanities.

For a free list of books about holiday customs and traditions, send a stamped, self-addressed envelope to "Holidays," Communications Department, Camp Fire, Inc., 4601 Madison Ave., Kansas City, MO 64112.

A Child's Holiday Gift -- That Keeps On Giving

As you carefully wrap each gift this holiday season, do you think about which ones the kids will break -- or outgrow -- in a few weeks?

A lasting gift for a child, one that could grow in value, might be a better choice. In fact, there's an easy way for you to help a child get a better financial headstart in the future -- and help you save taxes at the same time.

If this appeals to you, find out about the "gifts to minors" laws in your state. People often don't know about them. But they're one type of tax shelter you may be able to afford. And the whole procedure isn't complicated.

You can invest for children in several ways. Basically, the choices include mutual funds with all types of investment objectives, stocks and bonds or a savings account. The investment is registered in their name. When the time of age (either 18 or 21, depending upon the state), they will get the funds. You're not spending on higher education. Or as a down payment on a house. Or even to start a business. It's their own money.

If you take advantage of these laws, your gift can help you save on taxes. Since the child "owns" the investment, any income it earns, such as dividends, capital gains or interest, is really income to the child. But the child's tax rate is probably much smaller than yours, perhaps even zero. This will lower your taxes -- especially if you've been putting money away for the child in your

own name, collecting interest on it and paying taxes on that income.

You can give up to \$10,000 yearly to anyone without paying a gift tax. A husband and wife together can give \$20,000 every year to any one person. And you can make these gifts to as many people as you like.

Of course, this all sounds pretty expensive. But you can invest for a child with much smaller amounts. In fact, with a mutual fund, the first investment could be as little as \$250 or even less. And you can add to that mutual fund investment in small sums too.

say \$25 to \$50 at a time, maybe on the child's birthday. The fund's managers pool the money of many investors and pick a range of money market instruments, stocks or bonds. So these professionals save you the worry of choosing an investment. And the fund handles all the paperwork.

Parents, aunts, uncles, grandparents -- in fact, any adult -- can invest for children under these gifts to minors laws.

Questions? Talk to almost any financial adviser, including a stockbroker or mutual fund representative. They'll tell you how to set up this type of gift and inform you of any other requirements. They can also tell you about the benefits of different investments.

If you'd like to read about gifts to minors laws and mutual funds, first try a booklet called "Invest Today For a Child's Tomorrow." It's free from the Investment Company Institute, 1775 K Street, N.W., Washington, D.C. 20006.

All about TOYS

FUN FACTS!

According to the Toy Manufacturers of America (TMA), the industry trade association, the toy industry reflects the adult world in miniature. Sometimes, the amount of materials used to produce playthings or the sheer number of pint-sized toy versions created, surpasses the actual counterparts adults use everyday. The diversified uses and intriguing stories about toys will fascinate children and adults alike! See how many of these toy industry "fun facts" you already knew:

• The toy industry produces over 150 million die cast miniature cars each year whereas car manufacturers in Detroit will only build 9.5 million cars this year! One toy company alone produces over 60 million miniature tires and more than 12,500 tons of steel a year, enough to build 19,000 Mustang-type automobiles.

• The manufacturer of the world's most famous fashion doll, Barbie®, is also the world's leading manufacturer of women's wear, producing over 20 million clothing outfits annually.

• The toy industry prints over \$40 billion in play money each year, more than the U.S. mint prints in American currency!

• Airplanes may have replaced railroads as the most efficient means of travel but in the toy industry, over 1 million engines, cabs and other rolling train cars are produced annually, enough to make a toy train over 150 miles long! If those engines and cars were real, they

would make a train over 7,000 miles long!

• There's no housing shortage in toyland! In fact, the toy company who brought Boardwalk and Park Place into your living room is the largest housing developer in the world, having constructed more than 25 million houses in 47 years.

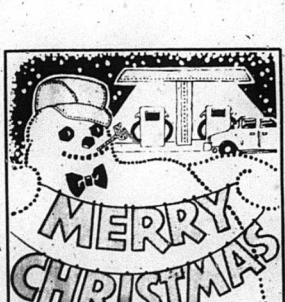

• Enough Play Doh® has been sold for more than 25 years to create a two-inch thick rope stretching to the moon and back.

• There are approximately 2 billion four-inch crayons made each year, enough to create over 50 colorful rainbows around the circumference of the world!

• Rodin - used, Plastiline® modeling clay in the early part of the century to sculpt his most famous work, "The Thinker," before it was cast in bronze.

• The Apollo 8 astronauts carried Silly Putty® on their moon voyage to fasten down tools during weightlessness.

PIONEER GROWERS

Marshmallow Christmas Wreath Gives Holiday Flair To Desserts, Decorations

The holiday season is the time to bring out exciting desserts that are gaily decorated and served at festive tables. But your own creative touches don't have to involve expensive gadgets and hours of time. You can create an elegant holiday effect with just a few ingredients from the supermarket, using techniques that are easy enough for children to learn.

A festive Christmas Wreath Cake, created in the Kraft Kitchens, uses marshmallows as the easy decorative touch. The cake is frosted with creamy Angel Mallow Frosting, a fluffy, easy-to-spread recipe that owes its lightness to Kraft marshmallow creme and stiffly beaten egg whites. The professional looking wreath stop the cake is made using Kraft marshmallows and colored sugar. Using a pair of scissors dipped in water, cut Kraft marshmallows into crosswise slices, then dip the cut edges in green tinted sugar for a Christmas effect. Make three rings of the marshmallow slices around the top of the cake and "tie" your festive wreath by affixing a bright red ribbon to the top of the cake.

The same technique can be used to decorate your table by making "wreath" candleholders. Simply attach two rings of sugared marshmallow slices to cardboard around the base of bright red candle. Marshmallow Christmas poinsettia blossoms are used to decorate napkin rings, serving platters and individual dessert plates. These are made by overlapping five marshmallow slices, dipping the flower in red decorative sugar, then adding a halved Kraft miniature marshmallow as the center of blossom.

This cake and all the trimmings make a great family project on Christmas Eve, to be served at a gala Christmas dinner the next day.

Basic Techniques

The basic techniques for making marshmallow creations are simple. Ordinary scissors dipped in water are used to cut the marshmallows. A standard size, white Kraft marshmallow, cut into fourths across the flat side makes four slices, as does a miniature marshmallow. When using Heartthrob marshmallows, cut five slices from each marshmallow.

No glue is necessary for these projects. The cut sides of the marshmallows stick together, and adhere to other uncut marshmallows and candies. Kraft marshmallow creme may also be used to secure uncut marshmallows and other materials together.

Wreath Cake

Fill and frost two 8- or 9-inch round cake layers with one recipe Angel Mallow Frosting. Arrange marshmallow slices dipped in green colored sugar in three overlapping rows around edge of cake. Add red ribbon bow.

Angel Mallow Frosting

1 1/2 cup sugar
1 egg whites
2 tablespoons water
1 7-oz. jar Kraft marshmallow creme
1/2 teaspoon vanilla
Combine sugar, egg whites and water in double boiler; beat with electric or rotary beater over boiling water until soft peaks form. Add marshmallow creme; continue beating until stiff peaks form. Remove from heat; beat in vanilla.

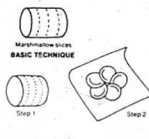

Candle Holders

Cut cardboard circles 1-1/2 to 2 inches wider than the diameter of candles. Center candles on cardboard and secure with floral clay. Spread a thin layer of marshmallow creme on the cardboard. Beginning along outer edge, attach marshmallow slices dipped in colored sugar in overlapping rows until cardboard is covered.

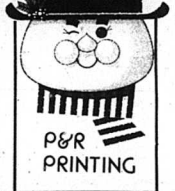

Napkin Rings

Cut rings 1 to 1-1/2 inches wide from cardboard cylinders (from bathroom tissue or paper towels); wrap with colored ribbon or colored paper and secure with tape. Make Marshmallow Flowers; dip in red sugar to create poinsettia. Secure to rings with marshmallow creme.

MARSHMALLOW FLOWER

LET'S DANCE AND SING AND MAKE GOD CHEER FOR CHRISTMAS COMES BUT ONCE A YEAR

Shopping Tips For Baby Boomers' Holiday Fashions

With population experts projecting 3.8 million births in 1983, this holiday season will be filled with expectant moms shopping for maternity apparel. Candace Barnes, chief fashion consultant for Dan Howard Maternitys, has prepared this checklist for pregnant women shopping for their holiday ensembles, and their loved ones, who may plan on buying maternity apparel for holiday gifts:

(1) Buy maternity clothes early in the pregnancy and in the same size as regular clothes. Often, a woman puts off the inevitable by buying regular clothing one size larger. She ends up with a useless wardrobe instead of building a practical, attractive ensemble of clothes.

(2) Buy attractive and high-styled maternity clothes. As a result of the baby boom, identity manufacturers have changed dramatically the types of fabric and the styles of maternity clothes to meet the demands of the pregnant shopper. Tuxedo

blouses with bow ties, such as the one shown here from Dan Howard Maternitys holiday collection, can be worn with crepe evening slacks or a black tuxedo jacket and skirt. And pregnant executives can dress for success from the wide selection of suits available.

(3) Carefully select from a multitude of fashions which are available today in easy care, low maintenance fabrics. Easy care means dry cleaning savings on the temporary maternity wardrobe.

(4) Seek help from a maternity fashion consultant in a maternity specialty shop or department. She will have a "maternity pillow" so the shopper can be sure to buy complimentary styles that will fit throughout her pregnancy.

(5) Finally, enjoy your pregnancy and have fun! With maternity exercise apparel available in many styles and colors, the expectant mother doesn't have to forego any recreation beyond what her doctor recommends.

GREETINGS

Here's how you can make this the cookieiest Christmas ever!

From first sniff to last bite, these cookies make every one's Christmas merrier. Tantalizing peanutty aroma wafting from the kitchen brings the first hint of good things to come — for these are sugar cookies with a difference.

Peanut butter chips are the delicious secret ingredient here! And along with the extra goodness, the chips add a bonus of protein, niacin and riboflavin because they're made from real peanuts.

Let the whole family join in the cookie-decorating fun (older children can add dollops of frosting, while little tots will love sprinkling on colored sugar.)

And if these treats don't vanish at once, they make delightful gifts, place card "markers" or centerpieces (group decorated cookie trees, for instance, on a bank of artificial snow.)

PEANUT BUTTER SUGAR COOKIES

- 2 cups (12-ounce package) Reese's Peanut Butter Chips
- 1/2 cup butter or margarine, softened
- 1 cup sugar
- 2 eggs
- 2 teaspoons vanilla extract
- 2 cups unsifted all-purpose flour
- 1 1/2 teaspoons baking soda
- 1/4 teaspoon salt

In top of double boiler over simmering (not boiling)

water, melt peanut butter chips, stir until smooth.

In large mixer bowl, cream butter or margarine and sugar until fluffy; add eggs and vanilla.

Beat well; blend in melted chips.

Combine flour, baking soda and salt, blend into creamed mixture.

Cover bowl tightly; chill about one hour or until dough

is stiff enough to handle. Roll dough on lightly floured surface to 1/4-inch thickness; cut into desired shapes with Christmas cookie cutters.

Bake at 375° for 6 to 8 minutes.

Cool on wire rack. Decorate with frosting, colored sugar, miniature gumdrops.

About 5 dozen cookies.

CHRISTMAS COOKIES are a family project — fun to bake, eat, decorate and give!

For holiday cheer, say it with roses

G&G RADIATOR

Worn and weary from the quest for the perfect holiday gift? When crowded counters and cranky sales clerks begin evoking holiday enthusiasm, turn to a gift that brings joy to everyone on the list and convenience to you — roses.

Roses, especially traditional red ones and their naturally festive green trimmings, make the perfect gifts to fill a woebeque shopper's list.

In fact, the flower blooms in popularity during the holidays, with 45 million roses sold each December, according to sales statistics from the Rose Information Bureau.

And it's no wonder. One telephone call for a gift of roses eliminates the seasonal stress of long lines, red feet, gift wraps and trips to the post office, because the florist does it all — from trimming to arranging to delivering the special gift.

A gift of roses adapts to every holiday budget because the flower always makes an impact — whether it's a single long-stem or an even dozen. Customize rosy gifts by

pairing the rose color with the desired merry message. Yet low roses at Yuletide can say "thanks" to the neighbor who watched the house during last summer's vacation.

Winter white sends the statement, "You're heavenly," to a college flame. Regal red is the traditional way to say "I love you," to every member of the family from grandmother to godmother.

And if marriage is on your mind, preface the proposal by sending an arrangement of red and white roses with stems taped together — the traditional symbol of unity.

So from bosses to beaux, secretaries to siblings, a gift of roses sends a sentimental statement of appreciation. Fragrantly spelling, "Happy Holidays!"

ROSY HOLIDAY GREETINGS—Simplify the task of holiday shopping by filling the gift list with presents from the local florist. Traditional red roses under the tree bring Yuletide cheer to everyone on the list, from bosses to beaux, grandmothers to godmothers.

Salmon Cheese Pate For Festive Entertaining

The festive holiday season is a favorite time for entertaining relatives, friends and neighbors. Salmon Cheese Pate, made with convenient canned salmon from Alaska, is a delicious appetizer that is easily prepared. In addition, it can be made well in advance of serving, leaving no last minute preparation for the host or hostess.

Delicious canned salmon is mixed to a smooth consistency with cream cheese, zesty blue cheese and selected seasonings. Chilling the spread for several hours develops its superb blend of flavors.

Versatile, ready-to-use canned salmon makes the preparation of party foods and family meals a quickly accomplished task. This nutritious seafood also makes a welcome addition to a holiday gift basket or Christmas stocking, especially for the person living alone.

Salmon Cheese Pate

- 1 can (7-3/4 oz.) salmon
- 1 package (8 oz.) cream cheese, softened
- 1/4 cup crumbled blue cheese
- 1 tablespoon grated onion
- 2 tablespoons chopped parsley
- 1 tablespoon lemon juice
- 1/8 teaspoon pepper
- 1 teaspoon Worcestershire sauce
- Dash garlic powder
- Parsley sprigs

Drain and flake salmon. Blend cheeses with salmon and seasonings until smooth. Mold in small bowl lined with plastic wrap. Chill several hours. Unmold; garnish with parsley sprigs. Makes about 2 cups pate.

Serving Tip: Serve with crackers, toast rounds or thinly sliced rye bread.

Lefse -- A Holiday Treat From The Land Of The Fjords

Holidays are rich in tradition, with each nationality having its own special way of celebrating. Here in America, the lovely traditions of many nations have blended together.

That jolly old man Santa Claus was given his name by early Dutch settlers in New York who called him Saint Nicholas Sinterklaas. The legend that he entered the house through the chimney is attributable to an old Norse tale.

The Germans are credited as the first people to have decorated the evergreen tree. The delightful custom of kissing under the mistletoe is thought to have originated from a Scandinavian belief that mistletoe was a plant of peace.

Besides these lovely traditions associated with the holidays, each nationality has its own delicious foods of the season. One food popular with Americans of Norwegian descent is lefse. This flat pancake made with mashed potatoes is served either as a treat or with a meal.

For timesaving convenience to appreciated during the busy holiday season, begin this lefse-with instant mashed potatoes. Then spread with butter and sprinkle with cinnamon-sugar. It's so good, it might start a new tradition in your house.

Lefse
Prepare Potato Buds® instant Mashed Potatoes as directed on package for 2 servings. Cover and refrigerate until chilled, at least 2 hours.

Turn potatoes onto floured surface; sprinkle with 1 cup all-purpose flour. Knead in flour until smooth (dough will be soft). Divide dough into 8 equal parts; shape each part into a ball. Roll each ball into 9-inch circle with floured hands. Sprinkle with cinnamon-sugar. It's so good, it might start a new tradition in your house.

Heat ungreased griddle over medium heat until hot, or heat electric skillet or griddle to 400°. Roll circle of dough around rolling pin; unroll onto griddle. Cook about 2 minutes on each side. Bubbles will form and become brown. Lefse should be slightly limp, not crisp. Repeat with remaining circles of dough. Spread each with margarine or butter and sprinkle with cinnamon-sugar and sugar if desired. Roll up or fold. 8 lefse.

How to care for your Christmas tree, centerpiece of your holiday celebration

One of the most joyous expressions of the Christmas spirit is the traditional tree, decorated with shimmering ornaments, many of which have been handed down from generation to generation, and lit with bright lights in every color of the rainbow.

Depending on whether you're a living or cut tree, the necessary care varies. Below are tips for prolonging the life and beauty of each.

Cut Christmas tree care

Remember, a Christmas tree is a living thing. Care for it as carefully as you would a flower. Once you select a Christmas tree, follow these suggestions to keep it fresh and safe.

1. If you buy your tree several days before it will be set up and decorated, store the tree outdoors or on a cool porch or patio until you are ready to decorate.

2. An area that provides protection from the wind and sun will help the tree retain its moisture.

3. If you plan to spare the tree several days, make a

straight across cut on the butt of the tree about an inch from the end.

This opens the tree stem so it can take up water. Store the tree upright and place the butt end in a container of water.

4. Trees are thirsty. They may drink between two pints and a gallon of water per day, so make sure to check daily and supply fresh water as needed.

5. Place the tree away from fireplaces, radiators, TV sets and other heat sources. Turn off the tree lights when you leave your home and before you retire at night.

6. Avoid use of combustible decorations. Check all electric lights and connections. Do not use lights with

warm or frayed cords and never use lighted candles.

Following these care and precaution measures should ensure an attractive tree that stays fresh indoors for several weeks.

Living Christmas tree care

In many parts of the country, people celebrate Christmas with a balled and burlap tree which may be added to the landscape after the holiday. To use a potted Christmas tree successfully, however, you should observe the following points:

1. The adaptability of the species should be considered. Many species are shipped outside of their natural area and may not be adaptable to other areas. Check with a reliable nurseryman or extension forester.

2. The tree should be stored in an unheated sheltered area such as a garage or porch, out of the sun and frost. Do not expose the root ball to freezing temperatures at any time.

3. The tree should be moved into the house no earlier than a day or two before Christmas. A week to 10 days

in the house in long enough for live trees.

4. The tree should receive adequate water. The root ball should be kept damp but not flooded. Wrap the root ball in plastic or in a tub while it is in the house.

5. The tree may be decorated, but with care. If lights are used, they must not give off any heat.

6. Do not remove the tree from a warm house out into freezing temperatures. Instead, move to a sheltered area first.

7. If the ground is unfrozen, the tree may be replanted. The spot to be dug may be mulched to prevent freezing.

8. Do not remove the burlap and strapping. This keeps the root ball solid and secure. Earth removed from the original hole should be back-filled around the root ball.

9. Stake the tree to prevent wind tipping or damage during the first growing season.

Let everyone welcome the merriest season!
